

# Prepare Your Business For a Potential Power Outage

We want to help prepare your business for a possible power outage. Resources are available to help keep your business running and your employees safe.

## Outage Preparedness Checklist

- Make sure you receive outage notifications
  - Update your contact information at [pge.com/myalerts](https://pge.com/myalerts) or call **1-800-468-4743**.
  - Your employees can sign up to receive Public Safety Power Shutoff alerts at [pge.com/addressalerts](https://pge.com/addressalerts).
- Prepare and practice your plan

Stock enough supplies to last a week. Include flashlights, batteries, a first aid kit, food, water and cash. Make an emergency plan at [safetyactioncenter.pge.com](https://safetyactioncenter.pge.com).
- Create an emergency contact list

Have important phone numbers and a current employee roster accessible.
- Prepare your facility
  - Have a fire extinguisher and regularly change the batteries on smoke alarms.
  - Ensure backup generators are ready to safely operate.
  - Have backup batteries for devices like your cell phone or credit card reader.
  - Consider a mobile hotspot to stay connected to the internet.
- Keep your business running with backup power
  - The Backup Power Transfer Meter Program helps you safely switch to generator power when the power is out.
  - The Generator and Battery Rebate Program offers a financial rebate to add backup power to your business.
  - The Self-Generation Incentive Program helps you save money on battery storage installation.
  - Explore our backup power programs at [pge.com/backuppower](https://pge.com/backuppower) or email [smallbusinesssolutions@pge.com](mailto:smallbusinesssolutions@pge.com).
