Goals and Objectives

Bayview Station supports the Department's Community Policing Vision and Values and is committed to creating a safe, healthy, and vibrant community. Our spirit is guided by a guardian mindset, and we recognize that our role as protectors is rooted in empathy, understanding, and mutual respect. At the heart of effective policing is a comprehensive community engagement strategy because Community Engagement leads to Community Policing which leads to effective Community Oriented Problem Solving.

Communication

Honest, transparent, and empathetic dialogue between the SFPD and San Francisco Community.

Bayview Station works toward achieving this objective by collaborating with businesses, residents, schools, community organizations, youth-based organizations, and city partnerships within our district, to collaboratively identify and problem solve local challenges and increase safety for residents, visitors, and businesses in the community.

Education

SFPD both trains and is trained by the communities it serves.

Education building is part of the focus of our engagement events. Our events focus on educating the community about our department's role in crime prevention, crime trends and problem solving.

Problem-Solving

Increase safety through collaborative working partnerships between SFPD, community members, and organizations to identify and address local topics of concern.

The Bayview District includes many neighborhood and merchant associations. Additionally, there are a few commercial corridors running through the district. Several of these neighborhoods and corridors are part of regularly meeting working groups. These groups meet to share information about security issues facing their buildings, surroundings, and industries. Bayview Station personnel routinely attend these meetings and provide updates on crime trends, SFPD news, and upcoming events that may impact these groups. Bayview Station personnel listen to the security and neighborhood concerns of the attendees and adjust enforcement strategies to address these concerns. In addition, the Captain hosts a monthly Community Safety Meeting.

Relationship-Building

Strong, trusting, and respectful relationships between SFPD and all facets of San Francisco Community.

Our goal is to build trust and relationships through positive engagement outside of calls for service, furthering our effectiveness in community policing and community-oriented problem solving.

SFPD Organization

SFPD organization and operation leads community policing efforts and demonstrates a guardian mindset.

- Develop policies, priorities, and procedures that are consistent across SFPD stations and bureaus and support neighborhood-specific plans
- The SFPD is adaptable and committed to continuous review and improvement
- Include civilian and front-line officer perspectives and input in decision-making and policy development processes
- Support restorative justice goals
- Support officers with sufficient resources
- Recruit SFPD members who reflect the city's diversity and know the communities they serve
- Integrate community policing values in recruitment, training, and professional development of SFPD members
- Deployment strategies maintain consistency in practices and continuity of the community's relationship with the SFPD
- Support groups historically underrepresented in police departments in professional development
- Hold officers accountable for their actions and embodying community policing tactics

Annual Community Events

Annual Peace Marchs and Celebrations: Officers assist with the safety of each march and celebration.

Backpack Giveaways/Pumpkin Giveaways/Turkey Giveaways/Toy Giveaways/Tree Giveaways: Officers assist in the distribution of these items.

Bayview Merchant Walks: The captain, along with his staff, routinely meet with business owners in the district.

Coffee with a Cop/Dim Sum with a Cop/Pizza with a Cop/Meet the Beat: Each event has neither speeches nor agendas and is dedicated to encouraging communication and positive interactions between law enforcement and the public.

Community Police Advisory Board Meeting: The monthly meeting is an important way for the members of CPAB to engage with the captain and discuss any issues and upcoming projects.

Community Safety Meeting: The monthly community meeting is an important way for residents to engage with the captain and discuss public safety issues. These community meetings are held in partnership with SF SAFE and provide an opportunity for all to interact, ask questions, and hear updates within the Bayview District.

Faith and Blue: National Faith and Blue weekend, held annually in October, is based on the premise that strong communities are built on mutual respect and understanding between Law enforcement and faith-based organizations.

Law Enforcement Safety Days: Each event gives the officers an opportunity to interact with students in their classrooms or on school grounds.

National Night Out: Held every year in August, National Night Out is a national community campaign that promotes partnerships between police and the community. This presents a great opportunity to bring police and neighbors together under positive circumstances.

Peace Hoops: Held every summer, Peace Hoops is a community campaign designed to promote unity within community.

Impact on Public Safety

The overall goal of your community policing plan is to increase public safety. In this section, be very specific on how these plans have and will impact public safety. This could be results (or anticipated results) from a problem-solving initiative to abate a certain crime/complaint or from the trust and relationships built with certain communities as a result from holding community events.
