Hi Mavis,

Hope things are OK. I just got off the phone with [REDACTED]. He was asking about who from OCIE was in charge of the team that conducted the hedge fund sweep examination of [REDACTED]. He was asking about the round-table. And he said that he had a few issues to discuss with you and mentioned a "huge potential blow-up at Lancer". I hope you don't mind, but I gave him your name and number. You should probably expect a call from him in the near future if he hasn't already. Thanks.

ED
