Hey OCIE Assistant Regional Director

Examination Material, Not Related to Madoff

I'll be writing up my notes from the Madoff/Fairfield Greenwich Group ("FFG") conference call that I participated in yesterday. Also, I'm going to provide the attorneys with a list of differences (lies) from what we were told and provided during the Madoff exam vs. what we learned about Madoff's operation from various documents provided by FFG and during the conference call yesterday.

Feel free to call me at home today Personal Privacy if you want to chat about the JPMSI report or Madoff stuff. If I don't speak to you today, Merry Christmas and Happy New Year!

Pete
