

# Sorbents

## Meltblown Sorbents

### OIL ONLY Laminated Sorbent Pads

#### How it's made...

1 ...(resin) is gravity fed into the barrel...

2 ...material is spun forward by a rotating screw...

3 ...strands are forced out with a blast of hot air...

4 ...the loft is adjusted to increase air space...

5 ...the finished product has a smooth, tight finish...

**Made in the USA**

- Pads have a layer of spunbond that is laminated on the top of the pad to provide additional strength
- Packaged in a plain bag with a generic label
- Oil Only Sorbents Pads are perfect for many outdoor MRO (Maintenance, Repair & Operation) applications
- Oil Only Sorbent Pads are a very economical way to clean up large oil spills
- Great product to use for marine spill clean-up as they float on water
- Oil Only Sorbent Pads are perfect for absorbing oil, fuel, grease, transmission fluid, coolants, and many other liquids except water
- Perforated down the middle of the length of the pad
- Made in the USA

*Caution: Dispose of all sorbent material according to local, state and federal regulations.*
