NOTIFICATION PROCEDURES:

An individual can determine if this system contains a record about him/her by writing to the system manager(s) at the above address and providing his/her name, SSN or other information that may be in the system of records that will identify him/her. An individual requesting notification of records in person should provide the same information, as well as provide an identity document, preferably with a photograph, such as a driver's license or some other means of identification. If an individual does not have any identification documents sufficient to establish his/her identity, the individual must certify in writing that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense.

If it is determined that the identifying information provided by telephone is insufficient, the individual will be required to submit a request in writing or in person. If an individual is requesting information by telephone on behalf of another individual, the subject individual must be connected with SSA and the requesting individual in the same phone call. SSA will establish the subject individual's identity (his/her name, SSN, address, date of birth and place of birth, along with one other piece of information, such as mother's maiden name) and ask for his/her consent in providing information to the requesting individual.

If a request for notification is submitted by mail, an individual must include a notarized statement to SSA to verify his/her identity or must certify in the request that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense.
