CONTESTED CASE NAME: *In re ASLD – Bingham Sacaton Ranch I*  
HSR INVOLVED: San Pedro River Watershed Hydrographic Survey Report.  
DESCRIPTIVE SUMMARY: The Special Master issues abstracts for proposed water rights for stock watering and stockponds analyzed by Watershed File Report No. 113-09-019 and sets a deadline to file suggested corrections. Claimant is further instructed to file a Statement of Claimant.  
NUMBER OF PAGES: 28  
DATE OF FILING: August 31, 2020

1 This case involves *de minimis* claims for water rights analyzed by Watershed File  
2 Report 113-09-019 included in the final hydrographic survey report for the San Pedro  
3 Watershed ("San Pedro HSR") filed on November 20, 1991. In 1994, the Special Master issued  
4 a Memorandum Decision, Findings of Fact, and Conclusions of Law for Group 1 Cases  
5 involving Stockwatering, Stockponds, and Domestic Uses, dated November 14, 1994, amended  
6 February 23, 1995, approved and modified September 27, 2002 ("Decision"). The Decision  
7 established the procedures for adjudicating *de minimis* water rights for claims in the San Pedro  
8 watershed.  
9

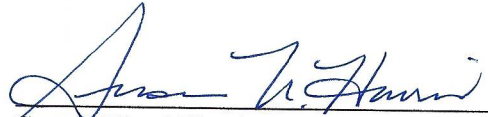

10 After the proposed water right abstracts have been prepared, "the litigants will be  
11 provided an opportunity to suggest the correction of mistakes in the proposed abstracts."  
12 Decision, p. 47. This proceeding is not a forum in which to relitigate the Decision, which was  
13 the subject of years of briefing and has now been affirmed for almost 18 years. Once the  
14 clerical corrections have been completed, the abstracts will be included in a catalog of proposed  
15 water rights where they will be subject to very limited set of objections and, ultimately in a final  
16 decree.  
17

18 As required by the Decision, proposed water right abstracts have been prepared for the *de*  
19 *minimis* water rights analyzed by Watershed File Report no. 113-09-019 that are attached as  
20 Appendix A. After the final corrections have been made to the proposed abstracts, Arizona  
21 Department of Water Resources will be requested to prepare maps for the proposed water rights  
22 consistent with the information included in the proposed abstracts. Upon receipt of the maps  
23 from ADWR, the abstracts and maps will be added to the Catalog of Proposed Water Rights.  
24  
25

26 At the status conference, Mr. Bingham and counsel for the Arizona State Land  
27 Department represented that Mr. Bingham will be the owner of the water right identified in  
28

1 Watershed File Report 113-09-019 as SW001. The Watershed File Report does not identify a  
2 Statement of Claimant. Mr. Bingham shall file a Statement of Claimant by September 30, 2020  
3 with the Arizona Department of Water Resources.  
4

5 **IT IS ORDERED** that any suggested corrections to the proposed abstracts shall be filed  
6 on or before October 30, 2020.
