IN THE SUPERIOR COURT OF THE STATE OF ARIZONA
IN AND FOR THE COUNTY OF MARICOPA

IN RE THE GENERAL ADJUDICATION
OF ALL RIGHTS TO USE WATER IN THE
GILA RIVER SYSTEM AND SOURCE

CIVIL NO. W1-11-19
(Consolidated)

ORDER CREATING A PARTIAL
CATALOG OF PROPOSED WATER
RIGHTS

CONTESTED CASE NAME: *In re Sands Group of Cases*

HSR INVOLVED: San Pedro River Watershed Hydrographic Survey Report

DESCRIPTIVE SUMMARY: Order creating a partial catalog of proposed water rights.

NUMBER OF PAGES: 4.

DATE OF FILING: March 28, 2017

Pursuant to the Special Master's Memorandum Decision, Findings of Fact, and
Conclusions of Law, dated November 14, 1994, amended February 23, 1995, approved and
modified September 27, 2002, p. 38, a partial catalog for water rights adjudicated in this case is

1 hereby created. Once this partial catalog is completed, the catalog will be filed along with a
2 certificate of service with the Clerk of the Court. §15.04, Rules for Proceedings before the
3 Special Master.

4 During the subsequent 60 day objection period, water users and other claimants may
5 examine the proposed abstracts of water rights. Objections regarding quantity will not be
6 considered because reasonable quantification methods have been adopted in this case.
7 Permissible objections, i.e., objections that could not have been asserted during the original
8 180-day objection period to the San Pedro Hydrographic Survey Report, to the proposed water
9 rights in the catalog will be resolved by the Special Master if the objector can establish:

- 10
11 (a) Resolution of the objection will demonstrably protect or improve the objector's own
12 water right; and
13
14 (b) Resolution of the objection will provide relief that could otherwise not be obtained
15 in a post-final decree enforcement proceeding.

16 *Id. at p. 39.*

17 Except for the objections set forth above, no other objections to the proposed rights
18 included in the partial catalog whether filed in connection with the San Pedro Hydrographic
19 Survey Report or to the catalog will be considered before the Special Master files a final report
20 and, further, the Special Master will "recommend that, upon entry of the final decree, these
21 remaining objections be dismissed." *Id.*
