FREERIDE

TECHNICAL

Freeride trails are machine-cut and contain man-made features. Routes are enhanced with dirt jumps, ride-on features, gaps, narrow surfaces, wallrides, berms, and other natural or constructed features. All freeride trails are identified with an orange oval. Jumping skills may be required.

EASIER

MORE DIFFICULT

MOST DIFFICULT

MOST DIFFICULT USE EXTRA CAUTION

Technical trails are designed to embrace the rugged shape and terrain of the mountain. Routes are typically hand-built and feature organic obstacles and stunts such as rocks, roots, logs, drops, jumps, and other natural or constructed features that require technical riding skills. Technical trails are identified by just their difficulty symbol. Jumping skills may be required.

Timberline Lodge is an equal opportunity service provider and employer which operates under a special use permit issued by the Mt. Hood National Forest, USDA Forest Service.
