

**Sentinel Provider Influenza-Like Illness (ILI)<sup>1</sup> Surveillance Summary** ([tn.gov/health/article/flu-summary-archive](http://tn.gov/health/article/flu-summary-archive))  
for the Week of Aug. 30- Sep. 5, 2015 (Week 35)

Summary for	# Sites reporting	Total Sites	Total Regional ILI	Total Regional Patients	% ILI	Compared to State <sup>2</sup>
Hamilton County (Chattanooga)	3	4	0	655	0.0%	
East Tennessee Region	4	7	2	666	0.3%	
Jackson-Madison County	1	2	0	583	0.0%	
Knoxville-Knox County	3	4	3	1764	0.2%	
Mid-Cumberland Region	10	11	12	1340	0.9%	higher
Shelby County (Memphis)	8	12	14	1105	1.3%	higher
Nashville-Davidson County	3	5	2	418	0.5%	
Northeast Region	2	3	0	172	0.0%	
South Central Region	2	3	2	96	2.1%	higher
Southeast Region	4	5	0	407	0.0%	
Sullivan County (Tri-Cities)	1	2	0	322	0.0%	
Upper Cumberland Region	4	4	0	535	0.0%	
West Tennessee Region	6	6	0	312	0.0%	
State of Tennessee	51	68	35	8375	0.42%	

*The percentage of patients with ILI reported in Week 35 was 0.42% as compared to 0.29% in Week 34. To date, 172 specimens have been tested by TDH Laboratory Services and two commercial laboratories that serve clinics and hospitals across Tennessee; none (0%) were positive for influenza viruses.*

*SPN sites should submit specimens year-round from ALL patients meeting the ILI case definition: Fever > 100°F (37.8°C) plus cough and/or sore throat, in the absence of a known cause (other than influenza). Case definition is not dependent on any test. If you have questions, contact your regional or state SPN representative. The TDH specimen submission form dated Oct 2014 should be used.*

*Specimens are critical to be able to track the geographic spread and intensity of seasonal influenza viruses, to detect the emergence of novel virus and/or antiviral resistance and provide data for vaccine strain selections.*

Respiratory Viral Panel  
**Number of Positive Specimens, by week**

Month/Week	#	Flu A (H3)	Rhino	Meta-pneumo	Adeno C
<b>September</b>					
Current	172	0	7	1	0
<b>August</b>					
34	150	1	5	0	0
33	144	2	0	0	0
32	126	0	1	0	1
31	83	0	0	1	0
<b>July</b>					
30	78	0	1	0	0

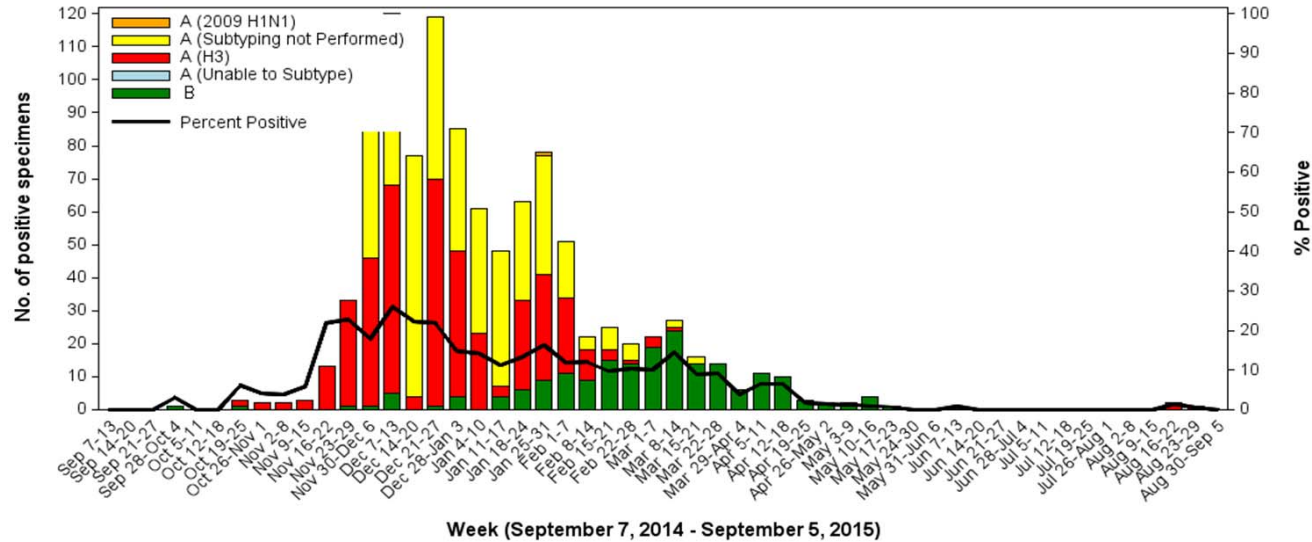

**Percentage of Outpatient Visits Reported by the U.S. and Tennessee Outpatient Influenza-like Illness Surveillance Network (ILINet) as Influenza-like Illness, 2014-2015**

Updated: September 11, 2015

**Influenza Positive Tests Submitted to TN Dept. of Health Laboratory Services Tennessee, 2014-2015**

Updated: September 11, 2015

## Reference Information for Sentinel Provider Network

1 Influenza-like illness (ILI) is defined as fever > 100°F (37.8°C) plus cough and/or sore throat, in the absence of a known cause (other than influenza). Classification of ILI is based upon symptoms only and does not require any test.

2 The % of patients with ILI seen in each region is compared to the statewide average. Regions with % statistically-significantly different from the state average are noted as "higher" or "lower." The CDC reports that the percentage of patients visiting outpatient healthcare providers in the Sentinel Provider Network (SPN) with influenza-like-illness (ILI) when influenza viruses are not circulating is expected to fall at or below a specific SPN baseline [nationwide = 2.2%, East South Central region (AL, TN, MS, KY) = 2.3%]. When the percentage of patients with ILI exceeds this baseline, this suggests that influenza viruses may be circulating.

### Important information for Sentinel Providers

Sentinel Providers report ILI by the end of Tuesday following the end of the reporting week ([www2a.cdc.gov/ilinet](http://www2a.cdc.gov/ilinet)) and collect and ship specimens from ILI cases Monday through Thursday (maximum 10/week per provider). All Sentinel Provider specimens MUST be accompanied by the Influenza and Respiratory Viral Panel Submission form or testing will not be done. The Respiratory Viral Panel is only validated for nasopharyngeal (NP) specimens. Specimens collected from other sites cannot be tested.

Additional laboratory supplies can be obtained by completing the lab order supply form. To ensure the order is filled, please include the CDC Provider ID Code.

### Contact Information

Submit weekly reports to: <http://www2a.cdc.gov/ilinet/> OR Fax 888-232-1322

**State Lab:** Dr. Amy Woron (Molecular Biology, PCR) 615-262-6462  
Jim Gibson (Virology, Respiratory Viral Panel) 615-262-6300

### **SPN Questions:**

**State:** Robb Garman 800-404-3006 OR 615-741-7247

**County/Region:** Regional SPN Coordinator (see map)
