BUILDING OWNER REQUEST FOR UTILITY INFORMATION

Building Owner Name:

Name of Person Filling Out This Form:

Building Address as identified by the State of Colorado:

Number of Tenants in Building:

Contact Person for Building:

Contact Phone Number:

Contact Email Address:

Pursuant to Colorado law, in order for building owners to provide the required benchmarking data to the state, United Power will provide the owners of buildings to which it provides electricity services the following types of information upon request: (i) the building's monthly energy use; (ii) the building's annual maximum electricity demand; and (iii) the building's monthly peak electricity demand, from the United Power customer meter.

By submitting this request, you are agreeing not to disclose any information released to you by United Power (the "Data") for any purpose except for the purpose of building benchmarking. You also agree (1) to take appropriate safeguards to protect the Data from unauthorized use, disclosure, or destruction; (2) to only use the Data for purposes of building benchmarking; (3) not to attempt to determine an individual utility customer's energy use from aggregated Data; (4) not to use the Data for a secondary commercial purpose not related to the authorized use without first obtaining the customer's consent; (5) to destroy the Data when it is no longer necessary for the purpose it was transferred; and (6) not to permit access to the Data by anyone that has not agreed to abide by the terms to which the Data was provided. You also agree that any recipient of the Data does not obtain any right, title or interest in any of the Data.

By submitting this request, you are also agreeing that you understand that if the building you own or are the associated contact for has less than four United Power customers, you are required to provide United Power with written authorization from each customer in your building before United Power will release the Data to you. If your building contains three or fewer United Power customers, this request is not complete until United Power has received written authorization from all United Power customers in your building. A copy of United Power's standard Authorization is provided on the United Power Building Benchmarking webpage.
