

Bureau of Reclamation
FY 2022 - Distribution of Additional Funding in P.L. 117-43

12/15/2021 3:11 PM

Category / Project	Activity / Description	State(s)	Amount (\$000)
Fire Remediation and Suppression Emergency Assistance			
CVP, Miscellaneous Project Programs	Cold Fire suppression costs	CA	181
CVP, Auburn-Folsom Unit	Bridge Fire suppression costs	CA	4,000
CVP, Trinity River Division	Infrastructure improvements to mitigate damage of Monument fire to Trinity River watershed	CA	445
CVP, American River Division	Removal of large woody debris from Folsom Reservoir caused by burn scar of Caldor Fire	CA	1,058
Solano Project	Infrastructure repairs due to damage caused by Sonoma Lake Napa Unit Lightning Complex fire	CA	2,775
Salt River Project	Fire prevention and monitoring activities	AZ	1
Colorado Big Thompson Project	Debris removal and burn scar water quality improvements in Northern Colorado	CO	540
Fuel Mitigation Efforts	Wildfire prevention and risk reduction through fuel mitigation and cleanup efforts	CA	1,000
Fire Remediation and Suppression Emergency Assistance Total:			10,000
Addressing Drought in the West			
Central Arizona Project	Water rights firming pursuant to the Arizona Water Settlement Act	AZ	14,000
Lower Colorado River Operations Program	Drought contingency plan implementation actions and initial steps for post 2026 operational guidelines	AZ, CA, NV	27,200
Colorado River Basin Salinity Control Project - Title I	Salinity inflows study	AZ, CA, NV, Mexico	400
Colorado River Compliance Activities	Lake Powell fish monitoring and exclusion due to current drought conditions	UT	800
Colorado River Storage Project, Section 5	Upper basin system conservation actions to address ongoing drought conditions	UT, CO, WY, NM	1,000
Colorado River Storage Project, Section 8	Glen Canyon Bypass and Intake Generation Appraisal Studies due to drought conditions	AZ	2,000
Central Valley Project	Multiple drought rapid response and long-term drought resiliency actions throughout the Central Valley Project to address most pressing needs	CA	61,800
Klamath Project	Drought rapid response and long term resiliency actions to address most pressing needs	CA, OR	10,000
Lower Rio Grande Water Conservation Project	Water conservation infrastructure improvements in drought prone Texas areas	TX	500
Middle Rio Grande	National Fish and Wildlife Foundation Pilot Leasing Program; north boundary infrastructure to improve water delivery and conveyance	NM	530
Mni Wiconi Project	Installation of two additional storage reservoirs to improve surface distribution during drought	SD	8,120
Paradox Valley Well Title II	Evaluate options for limited reoperation due to drought conditions	CO	600
Salton Sea	Continue mitigation efforts due to declining water levels	CA	1,000
Native American Drought Mitigation	Multiple projects to continue providing technical assistance to Tribes	Bureauwide	10,000
Water Conservation and Field Services	Soil moisture probes for AgriMet to provide real-time moisture conditions and improve drought monitoring and response	Missouri Basin	50
WaterSMART: Drought Response Program	Support proactive approach to drought by providing assistance to water users for drought contingency planning and implementation	Bureauwide	20,000
Yakima Project	Infrastructure adjustments to improve water deliveries and fish passage due to drought	WA	500
Yakima River Basin Water Enhancement Project	Water conservation improvements to improve drought resiliency	WA	6,500
Reserve	Maintain maximum flexibility to respond quickly to greatest water needs based upon the coming year's actual hydrology impacts.	TBD	35,000
Addressing Drought in the West:			200,000
