

# Storm Data and Unusual Weather Phenomena

March 2006

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Injured	Estimated Damage Property	Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------	---------------------------------	-------	--------------------

## MARYLAND, Central

**MDZ002**

**Allegany**

02	1740EST 1750EST				0	0	50K		<b>Strong Wind (EG40)</b>
----	--------------------	--	--	--	---	---	-----	--	---------------------------

A strong cold front crossed the region and caused strong winds to occur. There were reports of a few trees downed and minor property damage due to the strong winds. Tree limbs and powerlines were downed in the city of Cumberland. Also, some siding material was pulled loose on a building in Cumberland.

**MDZ014**

**Anne Arundel**

17	0820EST 1530EST				0	2			<b>Wildfire</b>
----	--------------------	--	--	--	---	---	--	--	-----------------

100 Acres were burned due to a wildfire in the Severn Run Natural Environment Area located near Millersville. Newspaper reports indicated that two firefighters were injured during the fire. Weather conditions were conducive to explosive fire growth, with very dry surface fuels, strong winds and low relative humidity.

## WEST VIRGINIA, East

**WVZ049**

**Mineral**

02	1740EST 1750EST				0	0	35K		<b>Strong Wind (EG40)</b>
----	--------------------	--	--	--	---	---	-----	--	---------------------------

A strong cold front crossed the region and caused strong winds to occur. There were reports of a few trees downed and minor property damage due to the strong winds. Trees and powerlines were downed along route 956 in Mineral County, and also at a campground on Patterson Creek Road.
