**Reviewer name: Milton Pividori, Ph.D.**

### Reviewer Comments to Author:

Thank you for answering my concerns. All of them have been answered successfully, just a very minor comment below. I also tried the Docker image and it works after following your instructions in the Github repo.

For my comment 25 (Figure 13 and AUROC), I meant the actual AUROC value of each curve, not the "ROC" text (which does not make much sense).
