Who We Are

The Walk

Every year we walk together to show our united effort to overcome the obstacles that individuals with disabilities face. Obstacles may be accessible housing, recreational & social interaction, life skills training, and gainful & meaningful employment. We at MCH strive to help those that we serve to achieve their dreams of independence.

We are seeking pledges to raise funds to support our Resident Enrichment Program (REP). REP is a free program, which provides educational, social and recreational opportunities for those that we serve. Funding to REP was recently cut, requiring MCH to reduce the number of weekly activities. REP is the social fabric of our MCH community, please consider sponsoring a resident or making a donation to help us support this wonderful program!

We invite you to come walk with us, get your exercise, & raise money for a great cause!
