## SUBCHAPTER 13

### THE JOINT UNDERWRITING PLAN

Historical Note: Subchapter 13 of chapter 16-23 is based substantially upon subchapter 7 of chapter 16-23. [Eff 9/1/74; am 9/1/76; am 9/1/77; am 9/1/78; am 9/1/79; am and ren §16-23-34 to §16-23-55, 7/7/80; R 9/1/80]

§16-23-67 General description. (a) The joint underwriting plan (JUP) is intended to provide motor vehicle insurance and optional additional insurance in a convenient and expeditious manner for those persons, uses, or motor vehicles in certain "high risk" categories with respect to which insurance cannot reasonably be obtained in the market at rates not in excess of JUP rates, or persons who otherwise are in good faith entitled to, but unable to obtain, motor vehicle insurance and optional additional insurance through ordinary methods. Insurers

§16-23-67

will pool their losses and bona fide expenses under JUP to prevent the imposition of any inordinate burden on any particular insurer.

(b) Another part of the JUP consists of the assignment thereto of claims of victims for whom no policy is applicable, such as the hit-and-run victim who is not covered by a motor vehicle insurance policy. The losses and expenses under the assigned claims program are pro-rated among and shared by all motor vehicle insurers and self-insurers. [Eff 9/1/80; comp 9/1/82; comp 9/1/85; comp 9/1/88; comp 9/15/89; comp 9/1/90; am and comp 6/1/93; am 1/30/95; am and comp 1/1/98; comp 1/8/99; comp 11/11/12] (Auth: HRS §§431:10C-214, 431:10C-406) (Imp: HRS §§431:10C-401 through 431:10C-412)

§16-23-68 Membership in JUP. (a) Each insurer shall be a member of the JUP. As a condition of licensure it shall:

- (1) Maintain its membership at a minimum fee of \$1,000 per year or part thereof; and
- (2) Accept appointment as a servicing carrier if the commissioner finds it necessary in the public interest and that the insurer is capable of performing as a servicing carrier.

This section shall not apply to those insurers writing motor vehicle insurance exclusively under section 431:10C-106, HRS.

(b) The commissioner shall notify the insurer of its membership in the JUP at least thirty days before the extension date of the insurer's membership. If the fee is not paid on or before the extension date, the fee shall be increased by a penalty in the amount of fifty per cent of the fee. If the fee and the penalty are not paid within thirty days after the extension date, the commissioner may revoke the insurer's certificate of authority and reissue the certificate of authority when the penalty and the fee have been paid. §16-23-69 Repealed. [R 1/8/99]

§16-23-70 Allocation of JUP costs. All costs incurred in the operation of the joint underwriting plan bureau and the operation of the plan, such as

administrative, staff, and claims (other than assigned claims) paid, shall be allocated fairly and equitably among the JUP members.

The allocations shall be computed on a "share of the voluntary market" basis.

Allocation of private passenger non-fleet experience will be on the basis of net direct written car years.

Allocation of commercial and all other experience will be on the basis of net direct written premiums.

Member insurers or the statistical agencies designated by them shall report all of the data necessary to comply with the allocation procedures to the commissioner or agent designated by the commissioner. Each insurer shall permit its statistical agent to release such data to the commissioner or agent designated by the commissioner. [Eff 9/1/80; am and comp 9/1/82; comp 9/1/85; comp 9/1/88; comp 9/15/89; comp 9/1/90; comp 6/1/93; comp 1/1/98; comp 1/8/99; comp 11/11/12] (Auth: HRS §§431:10C-214, 431:10C-406) (Imp: HRS §§431:10C-401 through 431:10C-404)

§16-23-71 Selection of servicing carriers. The commissioner shall select certain insurers as servicing carriers, who will provide JUP coverage and perform direct insurance operations on behalf of JUP members. In making the selection, the commissioner shall consider:

- (1) Whether the carrier is able to process and maintain a high level of service for all risks submitted through agents;
- (2) Whether it has the facilities to provide JUP policyholders and assigned claimants a high level of service;
- (3) Whether it is able to service private passenger or commercial lines and to process fluctuating work volumes and maintain quality of service through peak periods;
- (4) Whether its claims service is adequate, including an adequately decentralized adjusting staff, a claims examining staff resident in Hawaii, and local authority to settle claims at least up to the statutory basic motor vehicle insurance limits; and
- (5) Whether it is capable of producing accounting and statistical reports and other data as required. §16-23-72 Classifications eligible for JUP. (a) In addition to the classifications established in section 431:10C-407, HRS, the JUP shall provide motor vehicle insurance policies for the following classes of persons, motor vehicles, and uses:

- (1) Motor vehicles owned by licensed drivers, defined as follows:
  - (A) The applicant or any person who resides in the same household as the applicant and customarily operates the automobile or any other person who regularly and frequently operates the motor vehicle to be insured, who:
    - (i) Within thirty-six months prior to the date of the application has been convicted of operating a motor vehicle without motor vehicle insurance;
    - (ii) Within the eighteen months prior to the date of the application, has been convicted of or forfeited bail for two or more moving traffic violations; or
    - (iii) Has been convicted of any felony involving a motor vehicle;
  - (B) The applicant or any operator of an automobile in the same household who customarily operates the automobile or any other operator who customarily operates the automobile has been involved during the thirty-six month period prior to the date of the application in:
    - (i) Two or more accidents involving bodily injury or death if there is one car in the household or an average of more than one such accident for all cars in the household, provided that a loss payment has been made or a loss reserve has been established for such accidents;
    - (ii) Two or more accidents involving damage to any property, including their own, of \$1,000 or more if there is one car in the household, or an average of more than one such accident for all cars in the household, provided that loss payments or reserves under the comprehensive physical damage coverage shall not be counted; or
    - (iii) A combination of two or more such accidents of the type specified in subparagraphs (B)(i) or (ii).

Accidents under subparagraphs (B)(i), (ii), or (iii) shall not be counted unless it can be clearly demonstrated that the

applicant or other operator referred to therein was at fault. Accidents occurring under the following circumstances would tend to demonstrate that the applicant or operator was not at fault:

Automobile was lawfully parked (an automobile rolling from a parked position shall not be considered as lawfully parked, but shall be considered as the operation of the last operator); or

Applicant or other operator residing in the same household, was reimbursed by, or on behalf of, a person responsible for the accident or has judgment against that person; or

Automobile for the applicant or other operator resident in the same household was struck in the rear by another vehicle, and the operator has not been convicted of a moving traffic violation in connection with the accident; or

Operator of the other automobile involved in the accident was convicted of a moving traffic violation and the named insured or other operator resident in the same household was not convicted of a moving traffic violation in connection therewith; or

Automobile operated by the applicant or other operator resident in the same household was damaged as a result of contact with a hit-and-run driver, if the accident was reported to proper authority within twenty-four hours; or

Accidents involving contact with animals or fowl; or

Accidents involving physical damage, limited to and caused by flying gravel, missiles, or falling objects; and

- (2) All other motor vehicles, not classified under paragraph (1) or section 431:10C-407, HRS, owned by licensed drivers who are unable to obtain motor vehicle insurance policies and optional additional insurance through ordinary methods.

§16-23-72

(b) The JUP shall also provide required optional additional insurance for the above classes, with the exception of licensed drivers receiving public assistance benefits and unlicensed permanently disabled individuals who own their motor vehicle and receive public assistance benefits.

(c) The JUP shall provide a named non-owner policy for any applicant. §16-23-73 Public assistance benefits recipients. (a) The state department of human services (DHS) shall provide a certificate of eligibility for JUP coverage to eligible licensed drivers and unlicensed permanently disabled individuals unable to operate their motor vehicle, who are receiving public assistance benefits from the department or from the Supplemental Security Income program under the Social Security Administration and who desire basic motor vehicle insurance policy coverage under JUP; provided such licensed drivers and unlicensed permanently disabled individuals unable to operate their motor vehicle are the sole registered owners of motor vehicles to be insured under the JUP. The applicant shall submit the certificate in person or by mail to the servicing carrier of the applicant's choice for a motor vehicle insurance policy. Certificates received by the servicing carrier within thirty days from the date of certification of eligibility by the state department of human services shall be accepted and treated as if it were payment in full for the requested motor vehicle insurance coverages. The servicing carrier shall certify this certificate which will function as a motor vehicle insurance policy and issue the applicant a motor vehicle insurance identification card. The servicing carrier shall develop the information necessary to validate the eligibility of the applicant. Only basic motor vehicle insurance policy coverages, as defined in sections 16-23-4, 16-23-5, and 16-23-9, shall be bound, and the effective date of coverage shall be the same date as the signature date on the certificate by the applicant; however, the effective date shall not precede the time and date of the certification of eligibility by the state department of human services, the date that the servicing carrier receives the certificate, or the second day after postmark, whichever is later. In the event that the applicant fails to date the certificate, the date that the servicing carrier receives the certificate or the second day after postmark, whichever is earlier, shall be considered the date the applicant signed the certificate. The servicing carrier shall promptly notify the director of human services of public assistance recipients which it insures.

- (b) An applicant shall first exhaust all paid coverage under any motor vehicle insurance policy then in force before becoming eligible for JUP coverage.
- (c) Upon termination of public assistance benefits, the DHS shall:
  - (1) Notify the recipient upon termination of public assistance benefits and instruct the recipient that the recipient must immediately notify the servicing carrier of the termination of benefits and obtain timely insurance for the recipient's vehicle;
  - (2) Give written notice to the recipient that the recipient's JUP basic motor vehicle insurance policy will terminate thirty days from the date of termination of public assistance benefits. This notice of cancellation shall be considered as proper notification under section 431:10C-112, HRS, and section 16-23-15, providing the recipient with thirty days notice of cancellation; and
  - (3) Notify the servicing carrier of the termination of public assistance benefits and the date the termination was effective. §16-23-74 Application for JUP, placement; reporting disposition. A person may apply for coverage under the JUP to any motor vehicle insurance producer who shall inform the applicant whether or not the applicant is eligible for JUP coverage.

Any eligible certified public assistance insured (CPAI) shall apply for motor vehicle insurance coverage directly to the servicing carrier of the insured's choice.

If the applicant qualifies for and desires JUP coverage, a producer who represents servicing carriers in the voluntary market shall use these servicing carriers in placing JUP applications, giving preference to the applicant's choice. A producer who does not represent any servicing carrier in the voluntary market may place the JUP insurance with an appropriate servicing carrier, giving preference to the applicant's choice. A producer licensed to write motor vehicle insurance shall automatically be licensed and authorized to bind eligible applicants on behalf of the JUP and shall communicate the fact of such binding directly to the affected servicing carrier.

A producer shall inform the commissioner in writing of each application for JUP coverage received by it, showing the disposition thereof, i.e., whether the

§16-23-74

application was denied (and the reason therefor) or approved, and if approved, the servicing carrier with which the application was placed - within two working days after the date of disposition. The commissioner may inquire into the propriety of any disposition and when indicated by the circumstances may, after affording the applicant, insurer, and any other affected persons an opportunity to be heard, take such action as may be appropriate. If the applicant desires a review of the denial of the application, the applicant shall file with the commissioner two copies of the notice of denial, a request for review, and a statement in duplicate giving the applicant's reasons for the request within seven calendar days after the date of denial of the application.

The commissioner shall forthwith notify the insurer of the request for review, enclosing a copy of the statement of reasons therefor.

The appeal shall be heard and determined in accordance with the provisions of chapter 91, HRS, and chapter 16-201. §16-23-86 JUP membership termination. A member may terminate membership in the JUP upon termination of its licensure to transact motor vehicle insurance business in this State. With respect to all policies in effect on the effective date of a member's termination, the liability of the terminating member shall cease on the anniversary date of each policy during the succeeding year. Termination of membership shall not discharge or otherwise affect liabilities incurred prior to the expiration of these policies and the member shall continue to pay assessments until its proportionate share established by its writings prior to discontinuance of business has been determined. However, if the motor vehicle liability, personal injury protection, or physical damage business of an insurer discontinuing the writing of motor vehicle liability, personal injury protection, or physical damage insurance in this State has been purchased by, transferred to, or reinsured by another insurer, the latter shall pay the assessments of the former until the proportionate share of the former as established by its writings prior to such transfer has been paid.

In the event that an insurer is merged with another insurer or there is a consolidation of insurers, the continuing insurer shall pay the assessments of the insurer merged or consolidated. In the event of the failure of any member, through insolvency or otherwise, to pay promptly its portion of any loss or expense, after the JUP has made written demand upon it to pay the loss or expense, the commissioner shall take appropriate action. If the loss or expense remains unpaid beyond a reasonable period, all of the other motor vehicle insurance insurers, upon notification by the commissioner shall promptly pay their respective pro rata shares, based upon the predetermined participation ratios. Members which have made contributions shall have the right to recovery

FEE SCHEDULE AND UTILIZATION GUIDELINES

§16-23-93 Fee schedules. Subject to the time limitations set forth in section 431:10C-315, HRS, this subchapter shall apply to treatment occurring after May 31, 1993. Charges and treatment rendered for emergency services during the initial seventy-two hours following the motor vehicle accident resulting in injury shall not be subject to this subchapter; provided, however, that charges for emergency treatment shall not exceed the health care or alternative care provider's usual and customary fee and shall be appropriate, reasonable, and necessarily incurred. Charges for treatment of a primarily palliative nature shall be subject to the requirements of this subchapter in the same manner as any other treatment. §16-23-94 Definitions. As used in this subchapter:

"Claimant" means a person entitled to the benefits described in section 431:10C-103.5, HRS, under a motor vehicle insurance policy.

"Emergency treatment" or "emergency services" means treatment or services which are performed within the initial seventy-two hours following the motor vehicle accident because the condition is life threatening or could cause serious harm.

"Physician" includes a doctor of medicine, a dentist, a chiropractor, an osteopath, a psychologist, an optometrist, and a podiatrist.

"Specialist" means a physician or surgeon who holds a certificate as a diplomate issued by a specialty board approved by the American Medical Association or the American Dental Association. §16-23-99 Concurrent treatment. (a) Concurrent treatment by more than one health care or alternative care provider may be allowed if the attending health care provider determines the claimant's injury involves more than one body system, and requires multidiscipline care, or is so severe or complex that services of more than one health care or alternative care provider are required.

(b) Whenever a request for concurrent treatment is submitted, the insurer shall respond within five working days after postmark of such request, giving authorization or stating in writing the reason for refusal to each attending health care provider and the claimant. Any such refusal shall be filed concurrently with the commissioner. Failure by the insurer to respond within five working days after postmark of the request shall constitute approval of the request. §16-23-100 Change in health care or alternative care providers. The application of the frequency of treatment guidelines set forth in this subchapter shall not be affected when the claimant changes the health care or alternative care provider. If a claimant receives treatments in excess of those specified in the guidelines, regardless of whether the treatments are performed by one health care or alternative care provider or by more than one health care or alternative care provider, the excess treatments may be subject to prior authorization. §16-23-103 Rules of decision for allowable fees for medical, surgical, and hospital services and supplies. (a) When all the required care for a case reasonably falls within the range of qualifications of one health care provider, no other health care provider may claim a fee, except for consultation service or for surgical assistance. For groups of health care providers or hospitals with satellite clinics, when service is rendered by a group member of the same specialty, the group shall submit bills as though one health care provider had cared for the claimant.

(b) Medical, surgical, or hospital care of an unusual type or unlisted fee may occur which represents a type of service over and beyond listed procedures. Appropriate fees may be allowed if the treatment was reasonable, appropriate, and necessary.

(c) Medical conditions or symptoms which are pre-existing and are not aggravated or affected by and do not result from the injury covered by motor vehicle insurance benefits shall not be compensable. Palliative treatment of these unrelated conditions shall be allowed, provided that these conditions directly retard, prevent, or endanger the surgical care or recovery from the injury covered by motor vehicle insurance benefits. In addition, pre-existing conditions which did not require treatment before the motor vehicle accident resulting in accidental

harm but which do require treatment as a result of the accident shall be compensable. Pre-existing conditions which required treatment at the time of the accident and which are aggravated or affected so as to require additional treatment shall be compensable to the extent of the additional treatment.

(d) Certain of the procedures listed in medical fee schedules are commonly carried out as an integral part of a total service and do not warrant a separate charge. When such a procedure is carried out as a separate procedure, not immediately related to other services, the indicated fee is applicable.

(e) Minimal dressings, counseling incidental to treatment, etc., are covered by the office visit fee. Necessary drugs, supplies, and materials provided by the health care provider may be charged for separately in accordance with section 16-23-114.

(f) Fees including office visits shall not be paid for more than one visit per day by the same health care provider of service regardless of the number of injuries or conditions treated. [Eff and comp 6/1/93; am and comp 1/1/98; comp 1/8/99; comp 11/11/12] (Auth: HRS §§431:2-201, 431:10C-214, 431:10C-308.5) (Imp: HRS §431:10C-308.5)

§16-23-104 Health care providers. (a) Frequency and extent of treatment shall not be more than the nature of the injury and the process of recovery requires. Authorization is not required for the initial fifteen treatments of the injury during the first sixty calendar days, except for naturopathic, chiropractic and acupuncture treatments which are governed by section 431:10C-103.6, HRS.

(b) A bill for no more than four hours for psychometric, projective, and other psychological testing and the resultant reports shall not be subject to prior authorization.

(c) Conservative care extending beyond one hundred twenty calendar days from the date of first treatment may be subject to prior authorization.

(d)(1) If the injury is the result of an accident on or after January 1, 1998, chiropractic and acupuncture visits shall be limited to the number of and costs for treatments in section 431:10C-103.6, HRS.

(2) A "visit" shall include all examinations or chiropractic manipulative treatments involving one or more regions, spinal, and authorized physiotherapy modalities and procedures or acupuncture treatments provided on the same date.

(3) The Hawaii state chiropractic guidelines are those guidelines in effect on January 25, 1997 (light green cover).

§16-23-104

- (4) Payments to a chiropractor or an acupuncturist for visits shall conform to paragraph (1) and shall not be reduced or revised by an insurer or its agent(s).
- (5) Chiropractic treatments shall not exceed the scope of practice permitted by chapters 431 and 442, HRS.
- (e) If the injury is the result of an accident occurring on or after January 1, 1998, for physical medicine and rehabilitation, treatments may include up to four procedures, up to four modalities, or a combination of up to four procedures and modalities, and the visit shall not exceed sixty minutes per injury. When treating more than one injury, treatments may include up to six procedures, up to six modalities, or a combination of up to six procedures and modalities, and the entire visit shall not exceed ninety minutes.
- (f) If the injury is the result of an accident occurring on or after January 1, 1998, an insurer or its agent(s) shall not reduce payments to health care providers under this section through the withholding of moneys for the payments of taxes. This subsection shall not exempt an insurer or its agent from complying with the Internal Revenue Code. §16-23-110 Anesthesia services. (a) A base unit is listed for all procedures in the medical fee schedule in accordance with section 16-23-115. This includes the base unit of all anesthesia services except the value of the actual time spent administering the anesthesia or in unusual detention with the patient.

(b) As allowed under Medicare, the anesthesia charges are equal to the sum of the base and time units for the service multiplied by a geographical adjusted anesthesia-specific conversion factor.

(c) The total value for anesthesia services includes pre- and post-operative visits, the administration of the anesthetic, and the administration of fluids and blood incident to the anesthesia or surgery.

(d) The time units are computed by dividing the total anesthesia time by fifteen minutes.

(e) Calculated values for anesthesia services shall be used when the anesthesia is administered by an appropriately licensed health care provider and a fee shall be paid only for the individual anesthetic service.

(f) If the general or regional anesthetic is administered by the attending health care provider, the value shall be fifty per cent of the calculated value.

(g) A separate charge may be made for necessary drugs and materials provided by the health care provider or anesthetist in accordance with section 16-23-114.

(h) When unusual detention with the claimant is essential for the safety and welfare of the claimant, the necessary time will be valued on the same basis as indicated for anesthesia time.

(i) No additional fee shall be allowed for local infiltration or digital block anesthesia administered by the operating physician.

(j) When either a hypothermia or a pump oxygenator, or both, are employed in conjunction with an anesthetic, the anesthetic "basic" value will be equal to that of procedure code 00560.

(k) Where anesthesia is administered for dental services, if the above rules are not applicable, a fee equal to that of the procedure code 00122 for inhalation anesthesia and equal to that of procedure code 00102 by an intravenous route will be allowed. §16-23-111 Radiology services. (a) Taking of anterior-posterior (A-P), lateral, and oblique x-rays shall be discretionary for one hundred-twenty days following the initial treatment and may be allowed without authorization. Prior authorization from the insurer shall be obtained for x-rays subsequent to the initial one hundred-twenty days of treatment.

(b) Diagnostic tests and x-rays shall be taken, reported, and marked for identification and orientation in accordance with the accepted standard of radiologic practice. X-rays shall be taken on machines with a current certification by the department of health.

(c) Where contrast x-ray examinations are performed, fees shall include the usual contrast media. When special trays or materials are provided by the health care provider, rather than by the hospital, an additional charge is warranted.

(d) Injection procedures, including major surgery, for the purpose of performing needed radiological studies, are covered in the section on surgery. The fee shall be paid to the health care provider actually performing the service.

(e) Fees shall include both the technical and professional components. In the absence of any prior agreement between a radiologist and a hospital or other facility furnishing technical radiology services, the professional component shall be thirty-five per cent of the scheduled radiology fee. The technical (-TC) and professional (-26) components may be billed separately using the appropriate modifiers as indicated by Medicare. Billings for x-rays are not reimbursable without a report of the findings.

(f) Radiotherapy includes the use of x-ray and other high energy modalities (betatron, linear accelerator, etc.), radium cobalt, and other radioactive substances. Fees for therapy include follow-up care, and concomitant office visits, but not concomitant surgical, radiological, or laboratory procedures. §16-23-113 Hospital services. (a) Subject to the terms of the motor vehicle insurance policy, when hospitalization is required for further treatment of a claimant, that claimant shall have a free choice of a licensed hospital in the county where the injury occurred or in the county where the claimant resides. If the claimant is in critical condition or unable to express a choice, then the

attending health care provider may designate the hospital to which the claimant will be taken.

(b) Hospital charges shall be limited to ward rates or the lowest prevailing rate at the hospital where the claimant is confined, except if the nature of the injury requires private care, intensive care, or isolation, as determined by the attending health care provider, in which case the prevailing private rates may be charged.

(c) When a claimant is treated in the emergency facility of a hospital, the allowable hospital charge for the use of the emergency room shall be the established emergency room charge for that particular hospital.

(d) All hospital charges shall be itemized when a bill is submitted. [Eff and comp 6/1/93; am and comp 1/1/98; am and comp 1/8/99; comp 11/11/12] (Auth: HRS §§431:2-201, 431:10C-214, 431:10C-308.5) (Imp: HRS §431:10C-308.5)

§16-23-114 Drugs, supplies and materials. (a) All charges for prescribed drugs, supplies, or materials for the use of the claimant shall be separately listed and certified by the health care provider, or a duly authorized representative that the charges for the drugs, supplies, or materials were required or prescribed for the injury covered by motor vehicle insurance benefits.

(b) Dietary supplements such as minerals and vitamins shall not be reimbursable unless a specific compensable dietary deficiency has been clinically established in the claimant as a result of the injury covered by motor vehicle insurance benefits.

(c) Payment for covered prescription drugs and supplies shall be made at the average wholesale price plus forty per cent of the average wholesale price when sold by a health care provider, hospital, pharmacy, or alternative health care provider of service. Billings for prescriptive drugs shall include the national drug code number listed in the current American Druggist Red Book followed by the average wholesale price listed at time of purchase by the health care provider of service. Approved generics shall be substituted for brand name pharmaceuticals unless the prescribing health care provider certifies no substitution is permitted because the claimant's condition will not tolerate a generic preparation. [Eff and comp 6/1/93; am and comp 1/1/98; comp 1/8/99; comp 11/11/12] (Auth: HRS §§431:2-201, 431:10C-214, 431:10C-308.5) (Imp: HRS §431:10C-308.5)

§16-23-115

§16-23-115 Workers' compensation medical fee schedule. (a) Charges for medical services shall not exceed one hundred ten per cent of participating fees prescribed in the Medicare Resource Based Relative Value Scale System applicable to Hawaii (Medicare Fee Schedule) or Exhibit A at the end of Title 12, Chapter 15, entitled "Workers' Compensation Supplemental Medical Fee Schedule" (Exhibit A). The Medicare Fee Schedule and Exhibit A, together herein referred to as the "medical fee schedule," is made a part of this chapter and shall be used to determine the maximum allowable fees using the procedure codes and unit values established by the department of labor and industrial relations pursuant to section 386-21, HRS. Any subsequent amendment by the department of labor and industrial relations to the Medicare fee schedule and Exhibit A, shall be incorporated into this chapter by reference.

(b) If the maximum allowable fees for medical services are listed in both the Medicare Fee Schedule and Exhibit A, charges shall not exceed the maximum allowable fees allowed under Exhibit A.

(c) For the purposes of this section "private patient" means a patient not covered by insurance. If the charges are not listed in the medical fee schedule or in Exhibit A, the health care provider shall charge a fee not to exceed eighty per cent of the health care or alternative care provider's usual and customary fee for the same service rendered to a private patient. Upon request by the insurer, a health care or alternative care provider shall submit a statement itemizing the lowest fee charged for the same health care, services, and supplies furnished to any private patient during a one-year period preceding the date of the particular charge. Requests shall be submitted in writing within twenty calendar days of receipt of a charge allegedly in excess of the allowable amount. The health care or alternative care provider shall reply in writing within ten calendar days of receipt of the request. Failure to comply with the request of the insurer shall be reason for the insurer to deny payment.

(d) Fees listed in the Medicare Fee Schedule shall be subject to the current Medicare Fee Schedule correct coding initiative ("CCI") and follow-up rules. The Health Care Financial Administration Common Procedure Coding System alphabet codes adopted by Medicare shall not be allowed unless specifically adopted by the director of labor.
