

# WALLY & TESSIE'S NATURE COLLAGE

Have you ever noticed that there are shapes and designs found all around us in nature? What can you make with the shapes you find in your backyard? In your neighborhood? Use your imagination and creativity to make a nature collage for Wally & Tessie!

## LET'S GET CRAFTY!

Print out a coloring page from [redsox.com/homefun](http://redsox.com/homefun) to use as a design template or create a design of your own! Save your design by taping or gluing items you find onto a reusable brown paper bag or piece of paper.
