Policy Summary

This policy requires that the universities (academic institutions) of The Texas A&M University System submit their admissions standards to the Board of Regents (board). It enables the board to actively participate in a decision which will impact the level to which system resources such as space, faculty, and funding are used.

Policy

Each academic institution must prepare, on a schedule determined by the chancellor, specific admissions standards for its institution with any changes from the previous year noted. Any changes to admissions standards, upon endorsement by the chancellor, will be submitted to the board for approval. The board is committed to member admission policies and practices that are impartial and provide equitable access. Each member must consider their potential student populations, the impacts of applicable requirements on their admission status, and the value of those requirements for admission decisions in crafting admissions standards.
