- 6.1.2 The UNWTO shall prepare the corresponding Bid Opening report.
- 6.1.3 In the opening, all bids will be opened except for late bids.

6.2. Clarification of Bids

- 6.2.1. To facilitate the examination, evaluation and comparison of bids, the UNWTO may, at its discretion, ask the Bidder for clarification regarding its Bid.
- 6.2.2. The request for clarification and the response shall be in writing, and no change in the price or the content of the Bid shall be requested or permitted.
- 6.2.3. Clarifications submitted by bidders that are not in response to specific clarifications requested by the Evaluation Panel shall not be considered.

6.3. Preliminary examination

- 6.3.1. Prior to the detailed evaluation, the UNWTO shall determine whether the bids are substantially responsive to the Invitation to Tender. A substantially responsive Bid is one that conforms to all the terms, conditions, and specifications of the Bidding Documents without material deviation.

- 6.3.2. The UNWTO shall examine the Technical Bids to determine whether they are complete, whether the documents have been properly signed, whether the required documentation is present and whether, in general, the bids are in order.
- 6.3.3. During the examination of the Financial Bids, arithmetical errors will be rectified on the following basis:
- (a) If there is a discrepancy between the unit price and the total price obtained by multiplying the unit price by the quantity, the unit price shall prevail and the total price shall be corrected. If the Bidder does not accept the correction of errors, its bid shall be rejected.

6.4. Evaluation Criteria

- 6.4.1. The evaluation of bids shall be made under the following criteria:

The first step evaluates the technical proposal according to the evaluation criteria listed in clause 6.4.2. For the proposal to be considered technically compliant, the proposer must achieve a minimum score of **70 points**. Proposals not meeting this minimum score will be considered technically non-compliant and will be given no further consideration.

- 6.4.2. Evaluation and comparison of technical bids

Technical bids shall be evaluated according to the following criteria and scoring:

6.4.3. Evaluation of the financial bids

The evaluation of the financial bids shall be as follows:

The total amount of points allocated for the price component is 30. The maximum number of points will be allotted to the lowest price proposal that is opened and compared among those invited firms/institutions which obtain the threshold points on the evaluation of the technical component. All other price proposals will receive points in inverse proportion to the lowest price:

$$\text{Score of Price proposal X} = \frac{\text{Max. Score for Price proposal} * \text{Price of lowest priced proposal}}{\text{Price of proposal X}}$$

6.4.4. Weighting of the technical and financial bids

The overall score for each of the proposals is calculated based on a ratio of **70%-30%** between the technical and commercial proposal.

Maximum Points	
Technical Proposal Score	70
Price Proposal Score	30
Overall Proposal Score	100

After the evaluation of the financial bids, the points scored by the companies during the evaluation of the technical bids are added in order to obtain the total score of the bids, applying the weighting set out.

6.5. Irresponsible Bids

6.5.1. The UNWTO reserves the right to verify the price and reject any bids deemed disproportionate or irresponsible.

7 AWARD OF THE CONTRACT

7.1 Award Criteria

7.1.1 The Evaluation Panel shall issue a Recommendation of Award to the Bidder that obtained the highest score when adding together the scores of the financial bid and the technical bid, taking into account the weighting of the technical and financial bids set out in Clause 6.4.3.

7.1.2 The UNWTO reserves the right to accept or reject any Bid, to cancel the tender process and reject all Bids at any time prior to the award of the contract, without thereby incurring any liability to the Bidder(s) concerned or any obligation to provide information on the reasons for the decision of the UNWTO.

8 NOTIFICATION OF AWARD AND CONTRACT SIGNING

8.1 Prior to the expiration of the period of bid validity, the UNWTO shall send to the Bidder selected by the evaluation panel the notification of the award of the contract.

8.2 The UNWTO shall send the contract in accordance with the model in Document II to the successful Bidder for its signature within 10 working days.

8.3 The UNWTO shall notify the other Bidders of the results of the respective evaluations of their bids.

8.4 No information relating to the examination, evaluation and comparison of bids, and recommendations for the award of the contract shall be disclosed to the Bidders until the successful Bidder has been notified of the award of the contract.

8.5 Each Bidder shall have a right to know only the information related its bid.

8.6 To increase the transparency of the process, the UNWTO shall publish all contracts awarded on the website of this Office. The information will include the following: short description of the contract, contract amount, contract date and supplier name. Failure by the successful Bidder to comply with the deadline stipulated in clause 8.2 shall be sufficient grounds for the annulment of the award, in which case the UNWTO may award the contract to the Bidder whose evaluation result obtained second place, or launch a new request for tender.

9 OTHER APPLICABLE CLAUSES

9.1 Code of Ethics

- 9.1.1 Any attempt by a Bidder to influence the UNWTO and/or the Evaluation Panel in the evaluation and comparison of bids, or the issuance of a purchase order/contract will result in the rejection of its bid.
- 9.1.2 The UNWTO shall reject any proposal for award, or cancel a previously awarded contract, if it determines that the Bidder has engaged in corrupt or fraudulent activities in competing for the contract under this Tender process, or during its performance; and will declare a Bidder ineligible, indefinitely or for a specified period, for the award of a contract with the UNWTO, in such event. For the purposes of this provision, the UNWTO defines as follows the terms set forth below:
- (a) **Corruption:** offering, giving, receiving or soliciting, directly or indirectly, anything of value to influence the action of any employee in the procurement process or performance of the contract;
 - (b) **Fraud:** intentional misrepresentation or concealment of a material fact in order to influence another to act on that fact to their detriment;
 - (c) **Collusion:** agreement or arrangement between Bidders, with or without the knowledge of the UNWTO, designed to establish prices at artificial or non-competitive levels; and
 - (d) **Coercion:** harming or threatening direct or indirect harm to people or their property, in order to influence their participation in the procurement process or affect the execution of a contract.
 - (e) **Illicit Use of Funds:** The Bidder must not be linked to individuals or entities associated with terrorism. In addition, the funds received from the UNWTO under the contract resulting from this process may not be used to support such individuals or entities.

The Bidder understands and agrees that the UNWTO will cross-check the name of the bidder against the lists established by the United Nations and/or its agencies, and reserves the right to reject the bid if the Bidder is found in such lists.

9.2 Errors and Omissions

- 9.2.1 No Bidder shall be allowed to take advantage of any errors or omissions in the bidding documents. If a Bidder discovers such errors or omissions, it shall be required to notify the UNWTO.

9.3 Request for Clarifications or Complaints regarding the final result of the process

- 9.3.1 Each Bidder may request clarification regarding the result of its own evaluation. To maintain the objectivity of the bidding process the UNWTO will not respond to requests about the bidding process, until the result of the evaluation process has been notified. The request for clarification must be submitted in writing, in a note signed by the Legal Representative of the appellant, identified in the bid, at the address indicated in Clause 3.3.9.

- 9.3.2 The request for clarification must be submitted no later than three (3) business days after receipt of the notification of the outcome of the evaluation process. Any request received after the deadline established above will not be considered.
- 9.3.3 All requests will be resolved according to the rules of the UNWTO, and therefore the UNWTO will study the request and respond to the concerned party, also in writing, as soon as possible. If the request is deemed to have no merit or once it has been responded to, the case will be considered closed and the process will continue.
