Matt Florell, President

Subject: Florida Statewide survey conducted by StPetePolls.org

Date: October 10, 2019

Executive Summary:

This poll of 3,283 registered Florida voters was conducted from October 7, 2019 to October 10, 2019. This poll used the registered voter lists supplied by the state of Florida as of July 9, 2019. The sample of voters that were contacted included random samples of registered voters within the boundaries of the state of Florida.

The issues surveyed included questions related to the 2020 election.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for the state of Florida. The weighting demographics used were: political party, race, age, gender and media market.

The scientific results shown for the questions below have a sample size of 3,283 and a 1.7% Margin of Error at a 95% confidence level.
