This program provides grants of up to \$250,000 per sheet for communities seeking to construct new indoor ice arenas or \$50,000 per sheet for the renovation of existing ice facilities. The Minnesota Amateur Sports Commission (MASC) is required to provide the 1998 State Legislature with information on projected ice arena construction and renovation projects throughout the state. The MASC is seeking responses from cities, counties, and school districts planning to construct new arenas or renovate existing arenas in the next five years. Please respond to the MASC by January 15, 1998.
