

Let America Be Free

By Mac Surface

Let America have the freedom it once had like a bird soaring through the air.
Let it be the greatest country on Earth, a Nation full of smiling people
With food on the table and a roof over their head
Let it be the red white and blue flowing in the wind
Seeking a change for the better

(America was never free)

Let America be that dream the dreamers dreamed
Let it be that thriving nation
Where people are treated as equals, where there are no minorities

(It was never equal)

O, let my land be land where no one is left behind
Is crowned with freedom to make life choices

(There's never been equality)

I am the 50 stars and 13 stripes
I am the minorities, just seeking peace
I am the black man killed by a cop
I am the police officer who didn't do anything wrong

And finding peace and freedom

Yet, I'm the one whose land you live on, grow crops to sell on
I was once great
We will make America free again!
