

Our Commitment to Quality

PLUMBING • HEATING • COOLING • DRAINS

Sewer Line Guarantee

HELP™ guarantees its work to be free of any material defects. Sewer line installations performed by HELP™ Plumbing, Heating, Cooling & Drains ("HELP™") are guaranteed by HELP's™ 10-year Extended Limited Warranty on the labor and by Perma-Liner Industries, Inc.'s 10-year manufacturer warranty on the parts, equipment, and materials.

Under our Extended Limited Warranty, if our labor work relating to the sewer line installation is defective or has a code issue, we will correct it free of charge for up to 10 years. Even after the expiration of the 10-year Extended Limited Warranty, under the 10-year manufacturer warranty for the parts, equipment, and materials, you will be charged solely for the labor and will not be charged for the repair or replacement of the parts, equipment, and materials used during the sewer line installation.

All warranties are subject to proper use of the Sewer Line. Abuse, negligence, or customer-inflicted damage to the Sewer Line will void any and all warranties.

For more information on the Sewer Line Quality Guarantee, please contact our main office at 513-333-HELP (4357).
