

Protex™ N95 Particulate Respirator Model SR9520S (size Small)

NIOSH Approved | TC-84A-9295

Featuring the Protex™ All-Day-Comfort™ System

Made by Shawmut Corporation, a world leader in advanced materials, the Protex™ SR9520S is a NIOSH approved N95 disposable respirator and meets NIOSH 42 CFR 84 N95 requirements for a minimum 95% filtration efficiency.

Designed, engineered, and manufactured in America, the cup-style Protex™ SR9520S respirator was created with patent pending ADC Protex All-Day-Comfort System® technology so you can count on it to fit better, protect better, and breathe easier all day long.

An N95 respirator that doesn't fit properly may not protect you. Protex™ N95s are designed to fit the widest range of face sizes and shapes and have received Fit Capability scores of up to 97% when tested against the ASTM F3407-20 Respirator Fit Capability (RFC) standard.

The Protex™ All-Day-Comfort™ System

Get Protex™ ADC™ for Advanced Protection and Comfort

The Protex™ ADC™ combines a unique soft but strong inner layer, incredibly lightweight but highly efficient and effective inner filtration layer, high-sealing viscoelastic nose foam, and expanded force curve elastic head straps for a secure but comfortable seal.

- **MORE SECURE FIT** – Protex™ N95s are designed to fit a wider range of face shapes and sizes. And a better fit means better performance: Protex™ N95s remove more than 95% of all 0.3+ micron particles.
- **BEST-IN-CLASS BREATHABILITY** – Proprietary Shawmut MB™ filtering technology exceeds NIOSH N95 standards while delivering better breathability and cooler, fresher air inside the cup.
- **ALL-DAY COMFORT** – Protex™ N95s feature softer, flanged edges that provide a more comfortable fit with less pressure on your face.
- **LESS EYEGLASS FOGGING** – When formed around your nose and worn properly, the unique viscoelastic nose foam and aluminum nose clip reduce eyeglass fogging for better visibility.

PRODUCT DETAILS

Protex™ N95 Particulate Respirator Model SR9520S

Style: Molded cup, non-valve

Size: Small

Color: White with yellow straps

Weight: 0.24 oz per respirator

Packaging: 20 N95s/box, 12 boxes/case

Compliance: NIOSH 42 CFR 84, TC-84A-9295

UPC: Box 850026398441, Case 10850026398448

Country of Origin: Made in USA

Type:

- Disposable filtering facepiece respirator
- N Series – Used in environments free of oil aerosols
- N95 – 95% against solid particulates and nonpetroleum based liquid aerosols at 0.3 microns

Technical Data:

- Product dimensions:
5" (L) x 4.125" (W) x 1.75" (H)
- Box dimensions: 5.8125" (L) x 5" (W) x 8" (H)
- Box weight: 0.31 lbs.
- Case Dimensions:
18.125" (L) x 12.75" (W) x 16.25" (H)
- Case Weight: 4.32 lbs.
