

Shawmut Cap and Gown Fabrics

Polyester Knit with Anti-Slip Finish

TECHNICAL DATA SHEET

Advanced Material Solutions: Cap and Gown Fabrics

Shawmut manufactures cap and gown fabrics in our state-of-the-art Park Avenue Technical Center in Burlington, North Carolina.

The cap and gown fabrics offered by Shawmut are unmatched in quality, performance, and color consistency. Adhering to our custom design specifications and engineered to exceed typical standards, they are a versatile line of high-performance polyester knit fabrics that are lightweight, yet extremely durable. The fabrics are machine washable and retain their shape, drape, and rigidity all while remaining comfortable.

Shawmut's cap and gown fabrics are available in both recycled and standard styles, a variety of colors, and rolls that can be custom slit to your requirements and applications.

Custom Cap and Gown Fabrics Manufactured to Meet Your Color Requirements

Shawmut's world-class design, engineering, lab, and program management staff are available for customer collaboration and accelerated product development to manufacture cap and gown fabrics to meet your exact color requirements. Our rapid color formulation center specializes in color development and consistency. We can match any color you need or help you with a custom fabric to meet your requirements. We are committed to our clients' success and understand that quality color consistency is key.

If your project doesn't require custom colors or matching, you can choose from one of the many made-to-order colors available.
