

CALLING ALL LIBRARIANS

I am so grateful for your help! I have been working 80 years to teach millions of Americans about their role in preventing human-caused wildfires.

Here are the simple instructions for how you can get your visitors to play this fun game and help me celebrate my birthday.

1. Post these Smokey patches in the area where your visitors will be playing.

2. Also place the posters and flyers in visible areas so your visitors will be able to easily play the "Library - Smokey Bear's 80th Birthday Mission".

3. Invite people to download the FREE Agents of Discovery App from the [App Store](#) or [Google Play](#). (If your library whitelists apps, ensure that the Agents of Discovery app is [whitelisted](#).)
