

FIRE & EMERGENCY SERVICES PERSONAL PROTECTIVE EQUIPMENT (F&ES PPE) PROGRAM

ENSEMBLE

STRATEGIC CONTRACT QUICK START GUIDE

— SEPTEMBER 2021 —

*****TO SKIP TO ORDERING INSTRUCTIONS--CLICK HERE*****

1. PURPOSE

This Quick Start Guide provides instructions for Contracting Offices, Government Purchase Card (GPC) holders, and Fire Stations to make End of Fiscal Year (EOFY) purchases direct with the FES PPE Ensemble contractors.

FES PPE website: <https://usaf.dps.mil/sites/aficc/afcc/aficc/afcecc/sitepages/ffpe.aspx>

2. MANDATORY USE POLICY AFI 32-2001

The Air Force Instruction (AFI) 32-2001, *Fire Emergency Services Program*, paragraph 4.2.7, references enterprise solutions as required sources of supply, namely the strategic contracts listed below.

3. PROGRAM SCOPE

This set of contracts was established to acquire commercial F&ES PPE across the United States Air Force (USAF) enterprise (i.e., both Contiguous United States (CONUS) and Outside the Contiguous United States (OCONUS)). Active Air Force, Air Force Reserve Command, and Air National Guard are authorized users of these contracts.

The supply portion of the F&ES PPE program includes five (4) separate Firm Fixed Price (FFP) single-award Indefinite Delivery/Indefinite Quantity (IDIQ) contracts. Below is a list of those contracts and a brief synopsis of the corresponding scope.

- **FES PPE Ensemble Solicitation:**
 - Product Category A: Structural Firefighting Garments
 - Scope: Structural coats, structural pants, structural suspenders, and structural sizing kits
 - Product Category C: Firefighting Hoods
 - Scope: Standard firefighting hood and firefighting instructor hood
 - Product Category D: Firefighting Helmets
 - Scope: Structural helmets, proximity helmets, technical rescue helmets, and related helmet replacement parts
 - Product Category E: General Purpose Firefighting Boots
 - Scope: Standard calf men's general purpose firefighting boot, standard calf women's general purpose firefighting boot, large calf men's general purpose firefighting boot
- **Key items outside the scope of these strategic contracts:**
 - Structural Firefighting Gloves
 - Joint Fire Integrated Response Ensemble (JFIRE) equipment (i.e., with the exception of the USAF-Approved Chem Bio Firefighting Boots)
 - Wildland firefighting equipment
 - Advanced technical rescue equipment
 - Offensive HazMat operation equipment
 - Approved Chem Bio Boots

4. ORDERING INSTRUCTIONS & CONTRACT INFORMATION

In accordance with FAR 8.002, all required sources of supply were considered and none were capable of satisfying the requirements of these acquisitions. As such, no further consideration for those sources is required during the subsequent contracting process.

Through a competitive source selection, all final contract prices were determined to be Fair and Reasonable IAW FAR 15.404-1(b)(2)(i).

There are five (4) separate FFP single-award IDIQ contracts (i.e., see section 3 above to confirm contract scope). All required competition has occurred.

Market research memo in the file need only reference that there was a blanket DD2579 in the IDIQ to address the small business question and all market research was done in the IDIQ contract so, you only need to reference the mandatory use memo for the specific IDIQ contract. To illustrate the market research memo, copies of the DD2579 and the Mandatory use memo should be included in the delivery order/task order file. To place EOFY orders, contact the applicable contractor Point of Contacts (POCs) directly via phone/e-mail. Reference the specific contract number and proceed with standard Delivery Order/GPC procedures.

- ***F&ES PPE Ensemble – Product Category A: Structural Firefighting Garments***
 - i. Contract Number: FA8056-17-D-0001
 - ii. Contractor: ADS, Inc.
 - iii. POC Information:
