

ADVANCING **AMERICAN** FREEDOM

THE FUTURE OF FREEDOM

SECURING THE BORDER AND
ENDING ILLEGAL IMMIGRATION

When President Biden refuses to enforce our laws and secure our borders; when his administration has released more than one million illegal immigrants into the country; when life-destroying narcotics are pouring across the border and into our communities; when more than 100,000 Americans are dying of overdoses every year; and when fentanyl is the leading cause of death for young adults—that means every state is now a border state.

As our founder, former Vice President Pence, says: “Tolerating illegal immigration is not kind. It is not compassionate. It is not enlightened. It empowers and enriches vicious gangsters in Mexico and other countries that have killed hundreds of thousands of human beings over the past two decades. It enables the smugglers and coyotes who have committed countless sexual assaults against women and young girls. It leads to the tragic death of migrant parents and children making the harrowing journey through scorching deserts. And it leaves our nation weak and more vulnerable than it has ever been before.”

Under the Trump-Pence administration, we built more than 450 miles of the world’s most robust border wall, reducing illegal immigration by over 90 percent. But we don’t want to just manage illegal immigration; it’s time to shut it down completely.

INTRODUCE LEGISLATION TO:

DECLARE AN INVASION AT THE BORDER

The United States Constitution declares that the federal government shall protect states from invasion. So long as the Biden administration refuses to do this job, Congress should officially declare an invasion so that states have the legal authority to secure the border for themselves.

HOLD DHS SECRETARY MAYORKAS ACCOUNTABLE

Use Congress’ bully pulpit and oversight powers to censure Mayorkas and explore introducing impeachment articles against him for refusing to enforce our nation’s border security laws.

PROTECT AMERICANS FROM FOREIGN CRIMINALS

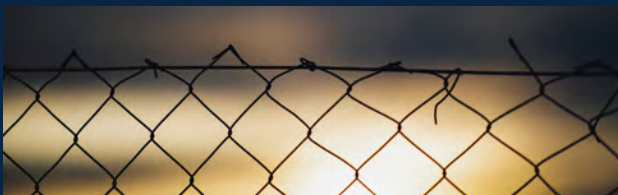

Require the Department of Homeland Security to conduct background checks for membership in a criminal gang, felonies, and other crimes before releasing any illegal immigrants from its custody.

END CHAIN MIGRATION AND CHAMPION MERIT-BASED REFORMS

Break the cycle of chain migration (where any one immigrant can sponsor an unlimited number of distant relatives) and replace it with a merit-based approach that advances our national interests.

ENSURE OUR WORK VISA PROGRAMS SERVE AMERICAN WORKERS

Reform H-1B and other work visa programs to ensure that the companies relying on foreign labor are invested in job training for American workers.
