Subject: RE: Follow-Up / Report Per 28-51-105

Good Morning, Brett –

This email will follow up on our conversation from last month about Blue Cross of Idaho's report to you per Idaho Code 28-51-105. As we discussed previously, one of our brokers had a phishing attack that gave a bad actor access to one of their employee's email accounts for a short period. As a result of that incident, the broker is sending out the attached letters as part of their HIPAA obligations to inform the members of the issue and to offer free credit monitoring. As we discussed last time, you asked for a copy of the final version of the template letter for your files just in case any Idaho residents receive one and have a question as to its authenticity.

Please do not hesitate to reach out if you have any questions.

Thank you,

Chris Jenkins
