RE: Preliminary Notice of Potential Data Event

Dear Deputy Attorney General Stephanie Guyon:

We represent Twin Falls County, Idaho (“TFC”) located at 630 Addison Ave. W., Twin Falls, Idaho 83301, and are writing pursuant to I.C. § 28-51-105(1) to provide you with preliminary notice of a potential data event that is currently under investigation. This is a preliminary communication meant to make you aware of the potential data event, and will be supplemented as necessary based on the findings of the active and ongoing investigation.

Specifically, on August 7, 2021, TFC discovered suspicious activity on its systems. TFC immediately began an investigation to confirm the nature and scope of the event. The TFC investigation includes working with their information technology support provider and independent third-party forensic specialists. The investigation into this event is ongoing and it has not yet been confirmed whether and what information, if any, may have been impacted.

We will advise you of the findings of our investigation should we determine that any personal information is in fact at risk. Should you have any questions regarding this notification or other aspects of the data privacy incident, please contact us at 267-930-4005.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Julie Siebert-Johnson', written in a cursive style.
