Dear <<Name 1>>,

You may have seen the news coverage related to the vulnerability and global data security incidents of Progress Software's MOVEit Transfer software. MOVEit Transfer is designed to securely transfer data. Philips Respironics uses MOVEit Transfer as a system for exchanging files containing therapy data from sleep and respiratory devices between Philips Respironics and your healthcare provider.

We are reaching out to inform you of the MOVEit Transfer security incident and potential impact on your personal information.

1. What happened?

On December 20, 2023, Philips Respironics informed your healthcare provider of a security breach whereby an unauthorized party exploited the MOVEit software vulnerability to access information stored on a Philips Respironics' server. Philips Respironics immediately took steps to secure the systems and perform further investigation and analysis. The ongoing investigation indicates that the unauthorized party extracted copies of files that were on the online server on May 31, 2023. Philips Respironics determined that some of your data may have been involved in the security incident and these extracted files may have included some of your personal information, which is why we are notifying you.

2. What data/information was involved?

Our investigation indicates that the extracted files may have included the following personal information:

- Patient Name
- Patient Address
- Patient Date of Birth
- Patient E-mail
- Patient Phone Number
- Patient Insurance Policy Number
- Patient ID
- Facility ID
- Setup Date
- Device Serial Number
- Modem Serial Number

3. What are we doing?

As a precautionary measure, use of the MOVEit Transfer tool has been suspended. We are continuing to work to ensure all appropriate security measures are in place to safeguard your personal information.

GENERAL INFORMATION ABOUT IDENTITY THEFT PROTECTION

You should remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and monitoring your credit report for unauthorized activity.

Credit Reports. Under federal law, you are entitled to one free copy of your credit report every 12 months from each of the three nationwide credit reporting agencies. You may obtain a free copy of your credit report by going to www.AnnualCreditReport.com or by calling (877) 322-8228. You also may complete the Annual Credit Report Request Form available from the FTC at www.consumer.ftc.gov/articles/pdf-0093-annualreport-request-form.pdf, and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Fraud Alerts. You may place a fraud alert on your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Credit Freezes (for Non-Massachusetts Residents): You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally \$5 to \$20 per action at each credit reporting company. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as indicated above. You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.

Credit Freezes (for Massachusetts Residents): Massachusetts law gives you the right to place a security freeze on your consumer reports. A security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. Using a security freeze, however, may delay your ability to obtain credit. You may request that a freeze be placed on your credit report by sending a request to a credit reporting agency by certified mail, overnight mail or regular stamped mail to the respective address indicated above.

Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. The following information should be included when requesting a security freeze (documentation for you and your spouse must be submitted when freezing a spouse's credit report): full name, with middle initial and any suffixes; Social Security number; date of birth (month, day and year); current address and previous addresses for the past five (5) years; and applicable fee (if any) or incident report or complaint with a law enforcement agency or the Department of Motor Vehicles. The request should also include a copy of a government-issued identification card, such as a driver's license, state or military ID card, and proof of current residential address (e.g., a copy of a utility bill, bank or insurance statement). Each copy should be legible, display your name and current mailing address, and the date of issue. If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, the agency cannot charge you to place, lift or remove a security freeze. In all other cases, the credit reporting company may charge a reasonable fee of up to \$5 to place a freeze or lift or remove a freeze.
