New International Collaborations

"Hindustan University Expands Global Collaborations, Opening Doors for Indian Students to International Education"

In a significant step towards global educational collaborations, Hindustan University has recently signed MoU with **Northumbria University, UK** and **Anna Maria College, USA**. The partnerships will pave the way for exciting opportunities for students and faculty members to engage in international exchange programs, research collaborations, and academic advancements. This landmark initiative not only strengthens Hindustan's position as a leading university in India but also opens doors for Indian students to explore diverse educational avenues abroad. With these collaborations, the university aims to provide its students with a truly global learning experience that enhances their skills, knowledge, and cultural awareness. Through such international partnerships, Hindustan is further positioning itself as a hub of academic excellence and preparing its students for success in an interconnected world.

"Ecole Centrale Nantes & HITS exchanged MoU at Grand Event Involving French Dignitaries"

In a momentous event held at the Hotel Hyatt Regency, a significant MoU was exchanged between the Ecole Centrale Nantes (ECN) of France and HITS. The ceremony was graced by the presence of HE Thierry Mathou, Ambassador of France to India, and Mrs. Lise Talbot Barré, Consul General of France in Kerala, Tamil Nadu, and Pondicherry.

"HITS and University of Plymouth Sign MoU to Foster Academic Collaboration"

The recent signing of the MoU between HITS and the University of Plymouth marks a significant milestone in the academic collaboration between the institutions. Dr. Kevin Jones, the Executive Dean of the School of Faculty and Science at the University of Plymouth, and Dr. N. Manoharan, Director of International Affairs at HITS, joined hands to solidify this partnership that promises to bring about transformative changes in the field of education.

Students' Exchange Program

"The world is a global village, and education transcends borders. It is fascinating to see young minds take on opportunities to learn beyond just their classrooms".

Ms. Renuka R. and Ms. Sanskrithi M. V. from Department of Biotechnology are actively engaged in the fall semester exchange program at Dongguk University, Korea. This invaluable experience is not only broadening their knowledge and cultural awareness but is also fostering their global exposure. It's a transformative journey that is contributing to their personal growth, enhancing their individuality, and bringing added value to their education and personal development.

Mr. Annamalai Bowie is currently doing his dual degree programme in MBA Green Business at IMAT, Germany. As a part of the project, he travelled to the "University of Energy and Natural Resources (UENR)" in Ghana, and worked for nine days with the students of the UENR to identify all the key areas for emission reduction. The project is fully funded by the German government and was led and managed by Professor Ranahasa Dasanayake.
