ASSEMBLY INSTRUCTIONS

1. Please find the corresponding numbered parts before you install the unit! Locate legs (B) onto the tabletop (A). (Noted: the floor must be covered with protective material so that the tabletop is not touching the floor directly). Secure legs to tabletop using 80mm hex socket screws (1), 16mm spring washers (3) and 22mm flat

2. To open and extend the table:

- a. Firstly, make sure you unlock the mechanism on the metal sliders underneath the tabletop.

- b. Pull open the tabletop, carefully and gently. Keep moving with a consistent speed and force.

3. To close and shorten the table:

- a. Firstly, make sure you unlock the mechanism on the metal sliders underneath the tabletop.

- b. Pull open the tabletops, carefully and gently. Keep moving with a consistent speed and force.

- c. Stop pulling when you hear a click from the slider mechanism.

- d. Push the tabletop forward and the extension leaf will lower. Continue pushing until the tabletop has closed together.

4. If there is an issue with the mechanism and how to fix. Looks quite jumbled up now as all together. If too much force is used to open/close the table, the panel may malfunction. In this instance, please follow the instructions below to fix the mechanism.

- a. Ensure the gaps between the tabletop and apron is even.

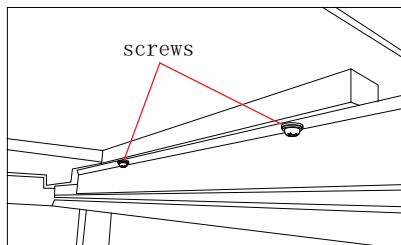

- b. Ensure the 4 rollers on the underside of the table apron are attached fully and straight in line with the tabletop.

- c. If the spring has popped out, follow these 3 steps:

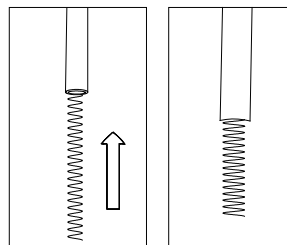

- Step 1. Unscrew the screws and remove the extension panel from the sliders.

- Step 2. Lift the extension panel and re-insert the spring into the plastic tubes which are plastic tubes
