

EBANX HIGH TICKETS

PROCESS **HIGH VALUES** UP TO USD 100K IN BRAZIL

Merchant Need

Stop manually invoicing customers and relying on international transfers for high value transactions, such as SWIFT, which waste time, have poor traceability along the process, and face burdensome bank fees and hedging issues.

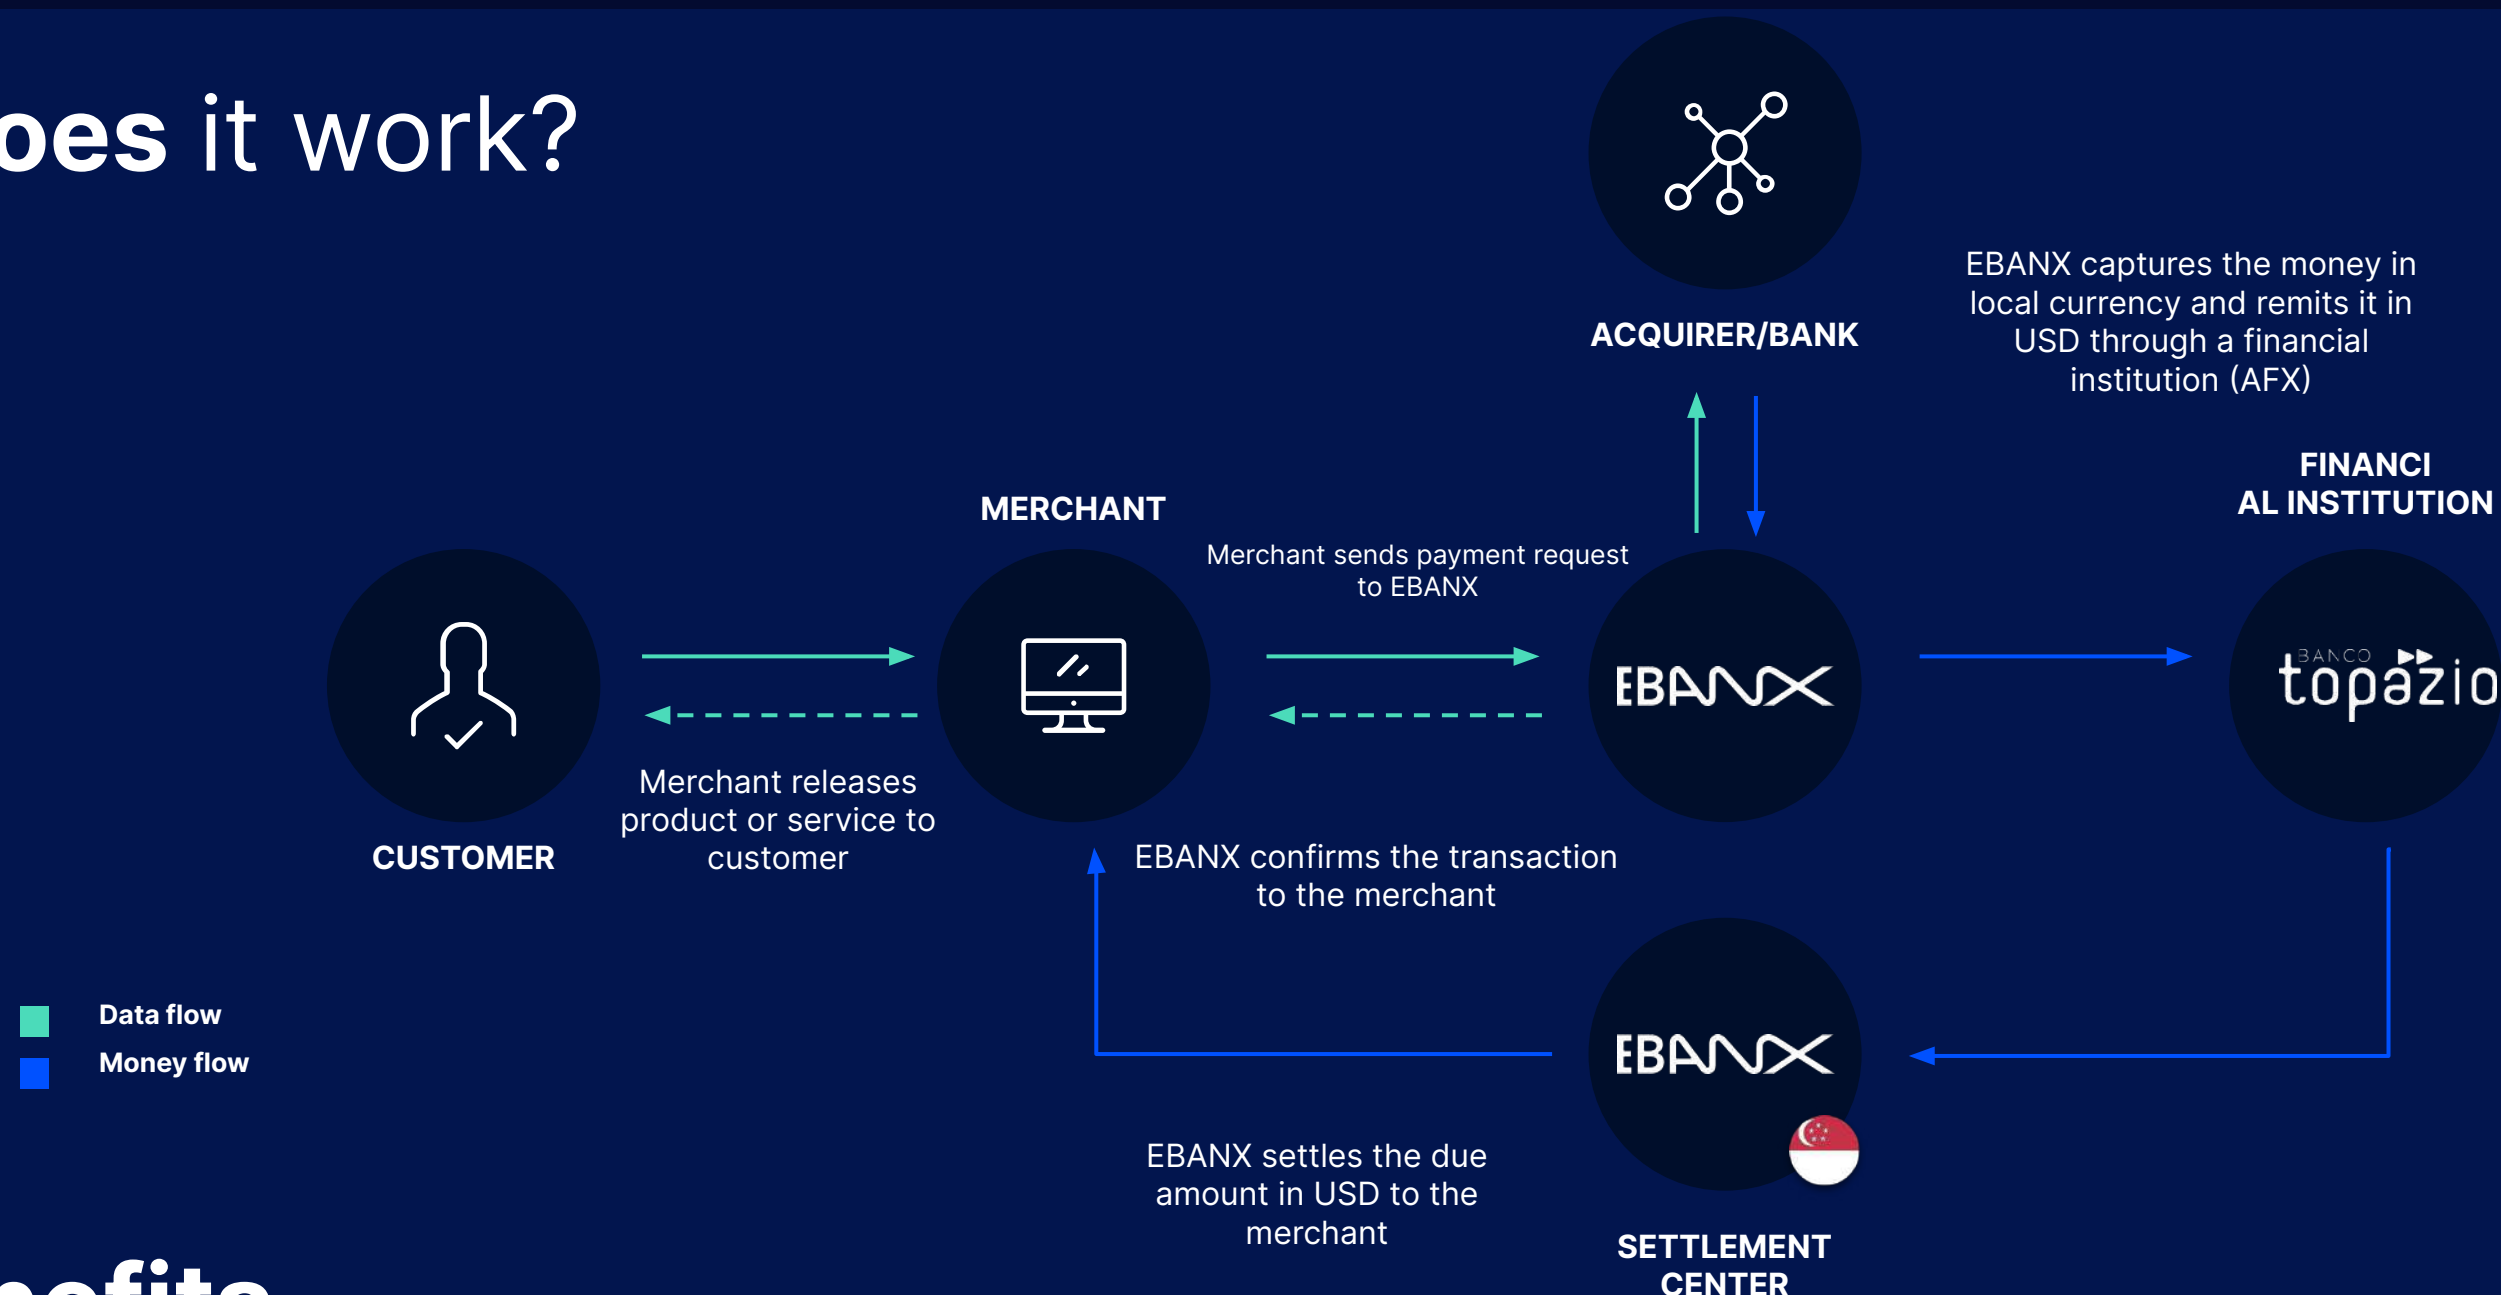

EBANX Solution

High Tickets is a secure and exclusively designed solution for high-value transactions in Brazil (ranging from 10k to 100k USD per end user, per month, and considering a single transaction or a group of transactions).

High Tickets is the ideal solution for

Global companies with high value transactions in Brazil, such as SaaS & Cloud, travel, B2B education, B2B Marketing (ADs/Media), trade (import & export), luxury, or high-end items.

How does it work?

Key Benefits

Faster, automated payments or international transactions with a payment request automation, and both payment processing and confirmation in real time.

Diverse payments to convert more from traditional bank transfers and credit cards to local options like boleto and instant payments.

Frictionless UX with online checkout for your Brazilian B2B and B2C customers, also available for recurrence.

Simple, cost-efficient management of all transactions' information and reconciliation.
