Introduction

Grant Lewi (1902 - 1951) is a legendary figure among twentieth century astrologers. He was a writer and editor for the two largest astrological magazines of the time. His two books, *Heaven Knows What* and *Astrology for the Millions*, were the first astrological books to become best sellers and even today, over fifty years later, they remain among the best introductions to the subject of astrology.

The astrological interpretations found in *Heaven Knows What* and *Astrology for the Millions* were unique, fresh, and simple. Llewellyn George, the prominent astrologer of the time, remarked that Lewi's interpretations must be intuitive because they were unlike any that had been written before him. Today these interpretations remain energetic and forceful and, though some references are now dated, Lewi's text still provides some of the clearest insights found anywhere in the literature of astrology.

Lewi was determined to make astrology more accessible to the average person, but while popularizing the subject he never watered it down or reduced it to the level found in "sun sign" astrology. Writing before computers were available, he made his books function as the computer, providing the reader with tables to generate their own charts or horoscopes and then linking his interpretations to the information found there. Lewi would have made good use of the computer, so much in his books seem to anticipate them. In his writing he tried to emulate the interpretation process by using a computerless version of artificial intelligence: the meaning of a planet in a sign doesn't stand alone but is modified by the other aspects found in your chart. Many of his comments depend on a combination of factors and for this reason you will sometimes find that he has something different to say about an aspect in your chart than he does for the same aspect in your friend's chart.

This report calculates your chart for you and then collects all of Lewi's comments strictly according to the astrological factors found there. The text contained here is valid even for those who don't know their time of birth - Lewi focused on those factors that are in effect throughout the birthday. The only exception to this is the case of the Moon which can move between 12 and 14 degrees in a day, so if the positions were calculated for noon then the Moon could be as much as 6 or 7 degrees different and possibly even change signs. If you don't know your time and the texts that involve the Moon seem unlikely, you may wish to compare reports done for the beginning and the end of the day.

At all times, Lewi's aim has been to show how astrology can be used as an aid in living a more satisfying and fulfilling life. Astrology offers indications and pointers - and sometimes insights - to situations that you find in life. It doesn't tell you what to do about them, but if it offers you a better understanding of the situation, then you are in a better position to decide for yourself what to do. To quote Grant Lewi:

"It is not limitations that eats out the heart, but inaction, the knowledge of powers not used, the sense of having failed to develop to the utmost. The overcoming of fate is not the overcoming of

limitations: that is impossible. It is the exercise of free will, the assertion of the full self, expanding to its utmost with the tools at hand, in the circumstances that are set. Astrology, through the interpretation of the horoscope, assists men to the achievement of their maximum by indicating to them the lines along which their will may be most progressively applied, the goals to be sought, and the individual means by which each one may arrive at the outermost boundaries of his world."

Horoscope of Birth

Your horoscope of birth is the blueprint of your personality and character as indicated by the position of the Sun, the Moon and the eight planets on the date of your birth. This section is devoted to each of these members of the solar system.

The planets are the antennae and arms of the horoscope, of which the body and soul are the Sun and Moon. No planet will ever cause you to act counter to the testimony of the Sun and Moon in their combined influence on you. Remember this when you proceed with the following readings. All planetary vibration must be considered in light of the basic solar-lunar readings, for these are your character, your basic nature, which the planets will help or hinder but cannot materially change.

According to the sign position of your Sun, one planet will be more important than the others and should probably be read first. Your Sun is in Cancer and your dominant planet is the Moon. Not only the action of this ruling planet will be very important in your life, but also the attribute over which it rules. Thus Gemini, ruled by Mercury, lives a great deal in the senses; Libra, ruled by Venus, responds most readily to emotional stimuli; and so on. Study your ruler carefully.

Remember in all planetary readings that they work within the pattern of your solar-lunar nature; never against it. The synthesis of your horoscope from the following series of paragraphs to a working unit depends on your keeping this in mind, which will enable you to weld all the readings into a unified and significant whole.

Sun in Cancer and Moon in Libra

You have a curious combination of independence and dependence, self-sufficiency, and a kind of reaching into the world in search of companionship. You don't give a great deal of yourself, being sensitive and a trifle introverted; but you like to absorb other people. You have a charm of manner that makes other people respond to you readily. You are romantic, love flattery and attention, and also love to have people around you; but your satisfaction is derived from watching other people, their reactions, moods, and temperaments, rather than from your own emotions. You are a little afraid of your own emotions - afraid of being hurt, afraid of being fooled, for you are somewhat suspicious. Once you have been disappointed by being too trusting (as you have been) you develop a high degree of self-protectiveness. This is all right, as far as it goes, but it makes you an elusive person in romance; and your admirer is likely to feel like a fly under a microscope, having his reactions analyzed, while you yourself are untouched. If this analytical caginess can be

broken down and your confidence won, you are sweet, loving, and affectionate.

Your delight in observation and the detachment with which you are capable of watching things make you well fitted for an artistic or scientific career, as a writer or investigator, where by sitting on the side lines you can find grist for your mill in the world around you. Your loyalty is to abstractions rather than to individuals; and though you are very sensitive yourself, you can have a pretty cavalier disregard for the feelings of others - which surprises them, because you look as if you wouldn't hurt a flea. You're a prize exponent of the "that's different" school of argument. You are a social asset, though more satisfactory in a large gathering than in a twosome. You are not especially constant in love and for one reason or another (which you're able to explain) will have an active career of romance before you settle down. But your 'whole development will change, stabilize, and mature when you are settled in a home of your own.

Disappointment warps the nature but provides drive to success.

Sun

The Sun indicates the appearance you will present before the world and the psychological bias which will dominate your actions. What you seem, and why, are told in the reading for your Sun. In many ways the Sun is the dominant force in your horoscope and in your life. Other influences, especially that of the Moon, may modify the Sun's influence, but nothing will cause you to depart very far from the basic solar pattern. For this reason a whole literature and a whole business have grown up around Sun-sign astrology; and many people exist who think there is nothing more to the horoscope than knowing what "sign you were born in" and what the Sun in that sign means. This is a mistake, as you will discover when you have read the influence of the other bodies. But throughout your reading, keep in mind always the basic influence of the Sun, and remember that all other influences must be interpreted in terms of it, especially in so far as other influences play a visible role in your life. You may think, dream, imagine, hope to be a thousand things, according to your Moon and your other planets, but the Sun is what you are, and to be your best self in terms of your Sun is to cause your energies to work along the path in which they will have maximum help from planetary vibrations.

Sun in Cancer

"We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty for ourselves and our posterity, do ordain and establish this Constitution for the United States of America."

*Preamble to the Constitution of the United States,
which as a nation was born in Cancer, July 4, 1776.*

The defensive, protective instincts dominate Cancer, whose life aims primarily at security, material and domestic. Capable of great self-sufficiency, or of being a clinging vine (male or female), the Cancer branch will take the turn as indicated by the roots, which must always be in secure soil. If independence serves security, Cancer will be independent; if security depends on another, Cancer will cling. If security requires taking a chance, Cancer will take a chance -

generally, if possible, with someone else's money, and once he has put his capital or someone else's into a venture, he watches it like a hawk. His sense of responsibility toward another's money, security, etc., is as deep as if they were his own; he pays his debts and expects others to do the same. It was Coolidge, Cancer President, whose solution to the war debts was of naive simplicity: "They hired the money, didn't they?" It is this simple, direct possessiveness toward what rightfully belongs to him that makes Cancer outstandingly successful in business, where he makes his fortune buying and selling, rather than in Wall Street. Cancer will gamble when he has a nest egg, not before, and then as a game rather than as a means of livelihood.

With livelihood (security), Cancer takes no chances, either in getting it or keeping it. It is therefore tops as a home-making sign; the maternal-paternal instinct is powerful; and the Cancer, male or female, will go to great lengths to protect, defend and improve his home, mate and children. If Cancer remains unmarried, it is because protectiveness has turned somehow into fear or selfishness; or because he feels that in some way his security is best served alone. Cancer protects himself, as well as his possessions, and may protect himself from the chances of emotional hurt by withdrawing into himself and making his security there, alone. This is a pitiable sight, because Cancer really needs a home and should have children, and few persons give the effect of incompleteness more than the introverted Cancerian who has no one to lavish his protectiveness on but himself. For in its complete development, the Cancer protectiveness becomes encompassing love that fills all its world, and warms and comforts those who are lucky enough to live in the sphere of its radiations.

Following are the aspects to your Sun. In a general way, the trines and sextiles to your Sun make ease, contentment, happiness, luck; while squares and oppositions give you energy, drive, success, ambition. Conjunctions bring both energy and luck, and are translatable in terms of whether the Sun receives squares or trines, along with the conjunction. Similarly, squares and trines to the Sun together bring success through work and perseverance, and luck develops in proportion to the work done and the effort extended.

Sun Sextile Mars Orb: 03°16'

You have abundant physical vitality and little hesitancy in using it. You are always on the move. Your aims and purposes, being direct and clear and animated by a good physical equipment, carry you to success. You are forceful, hard-hitting, aggressive, knowing where you stand and where you are going. You wear out less energetic souls by the speed and continuous level of your activities, for you are seemingly tireless and can stand shoulder to shoulder with the strongest when it comes to matters of endurance. Since a good deal of the success of this world in material matters depends on physical vitality, you have an edge on competitors. You are an excellent leader not so much of thought as of action (unless Mercury is powerful) and frequently choose the army or navy as your field of activity, where you speedily rise to authority; or business, where you won't long stay in a subordinate position. You overwhelm people, and they naturally give way to you.

Sun Square Jupiter Orb: 00°20'

You are full of vitality, good spirits, and fun. You are likely to waste - your energies and your money in having a good time, for this is a happy-go-lucky position and adds a lift and verve even to

a pretty sober nature. It generally accompanies comfortable worldly status and keeps bringing in the shekels, even if you manage to get rid of them pretty quickly. You have a great deal of pride. Social prestige is important to you and you feed your vanity on it. You are still genial and humane and will gladly help people in distress, for a goodly amount of charity accompanies this aspect. You love food and drink and tend to overindulge. You are lavish with your expenditures not only of money, but of affection, passion, friendship; an all-pervasive expansiveness runs through your life. This is a sort of Falstaffian position. You're markedly convivial, the best of companions, but through flaunting the precepts of moderation, you can cause yourself a good deal of unhappiness, ruin your digestion, and get fat.

Sun Trine Saturn Orb: 05°19'

You are lucky, coming of good stock and being born into a favorable environment. Elders have done a good deal for you, and no matter how poor your parents may have been or how rich, they have seen to it that responsibility was removed from you as much as possible and that the hardships of life did not touch you. You have a good sound body and mind. You are serious without being dejected or depressed, and are capable of concentrated effort. Look out, there is a tendency to relaxation and absence of direction and purpose - luck helps you out, but you don't seize or create opportunities. The tendency of this aspect is to smugness and self-satisfaction, pride and relaxation of ambition and energies, so that, despite a sound mind in a sound body, you don't seem to get very far.

Moon

While the Sun's position by sign determines what motives and urges dominate your life as it meets the naked eye, the sign position of the Moon tells the desire of your heart which may or may not be expressed or realized in your life. When you "know what you mean but you can't say it," it is your Moon that knows it and your Sun that can't say it. "Thoughts that do often lie too deep for tears" are the thoughts of your Moon's nature. The wordless ecstasy, the mute sorrow, the secret dream, the esoteric picture of yourself that you can't get across to the world, or which the world doesn't comprehend or value - these are the products of the Moon in your horoscope. When you are misunderstood, it is your Moon nature, expressed imperfectly through the Sun sign, that you feel is betrayed. When you know what you ought to do, but can't find the right way to do it, it is your Moon that knows and your Sun that refuses to react in harmony. Also, when you "don't know why I said that," it was your Moon expressing despite your Sun (if you are innerly satisfied with the involuntary speech), or the Sun expressing against the will of the Moon (if you are displeased with what has slipped out). Things you know without thought - intuitions, hunches, instincts - are the products of the Moon. Modes of expression that you feel are truly your deepest self belong to the Moon: art, letters, creative work of any kind; sometimes love; sometimes business. Whatever you feel is most deeply yourself, whether or not you are able to do anything about it in the outer world, is the product of your Moon and of the sign your Moon occupies at birth.

Moon in Libra

This is a Cinderella position, for no matter what humble hearth you may slave over, the vision of yourself as you see it is one of elegance, grace and refinement. So strong is this vision, so eager

are you to make it a reality, and so genuine is the aristocracy of your spirit that more likely than not the fairy godmother (who is no more than the angel of your own graces) actually appears to carry you to the heights you dream of. You are one of nature's gentlefolk, and the privileged picture of yourself that you carry in your heart finds its expression in courtesy, graciousness and kindness to everyone. You should never forget your best dream of yourself, or allow the true kindness and gentleness of your nature to be balked by a blustering exterior. Dare to be true should be your motto. Your courage should be the courage of sympathy and understanding, which you have in such great abundance. Be no more and no less than your heart tells you to be: your instincts are sound, especially in the realm of human relations, and since your special genius lies in this realm, you should follow your instincts unfalteringly. This position gives a peculiar elusive sweetness to the nature, a curious charm to the speech and manner, and allows the best of the inner self to shine before the world, which is brightened and made happier by it. It strengthens the chart of a woman by giving elegance to the expression of the feminine graces; and, in a man, adds depth, strength and character to his masculinity if he is not ashamed to admit to the gentler qualities he possesses.

Following are the aspects to your Moon. Look to the trines and sextiles to give you charm and clear-thinking; and to the squares and oppositions to provide you with concentration and driving force. You overcome psychological handicaps for an intellectual triumph over yourself; you are the mind-that-found-itself type of person, though not necessarily in extreme form.

Moon Square Sun Orb: 01°24'

The square aspect between the Sun and Moon energizes the mentality giving drive, force, and quickness to the mind, and tends to objectify the desires (unless Sun is in Aries and Moon in Libra, Sun in Pisces and Moon in Virgo). It adds quickness and perceptive power to whatever other intellectual gifts are indicated, and warns of letting the mind run ahead of the body and exhaust it. Frequently this indicates some difficulty between the parents around the time of your birth—personal or financial tension in the family or in the family environment. An environmental or hereditary bias is set up giving one of those psychological quirks which makes for success. Rapid mental development follows, and success through ability to objectify and depersonalize your life by mental processes.

Moon Sextile Mercury Orb: 09°22'

This is a good aspect for sound common sense, strengthening the sanity of the mind and giving you the power to absorb knowledge readily and quickly. You are inquisitive, eager, intelligent, an apt student, and a good conversationalist, witty and apt in expression, logical and reasonable. You have some adaptability for business, especially salesmanship. You can succeed in one of the "vocal" occupations, such as speaking or radio announcing. You have manual aptitude and can do things with your hands, although you'd rather use your mind. Through cleverness you can generally succeed in life without too much hard work for you're a good talker and can sell yourself as well as your product, which eases the road for you.

Moon Conjunct Jupiter Orb: 01°05'

Character is your god. you believe in your own personal worth from a moral and character

viewpoint. Your abilities may be high or low, depending on other things, but you are utterly dependable and can be counted on to do the right thing and think the right thoughts. This doesn't make you puritanical or cold, because you have a naturally cheerful and optimistic nature, very sympathetic with other people and their troubles. You have a genuine feeling for your fellow man, his problems and difficulties. This is the aspect of the missionary who may be interested in people's souls, but chiefly wants to take care of their physical comforts on earth. Here are found social workers, doctors, nurses, and executives in these fields, to whom their occupation is more than a means of livelihood - it's a conviction and a passion. You have a certain nobility of approach and of motive - you couldn't be mean or petty if you tried, and thus your popularity and luck are well deserved, and nobody grudges them to you. You can be a stern judge, but you will always temper justice with mercy. You will condemn people, perhaps, morally, but be reluctant to punish them, and you are never vindictive. You are romantic, liberal with affection, a lover of humanity both in particular and the abstract. This is an aspect of extraordinary goodness. The humanitarian motive is uppermost and makes you an extraordinarily fine person.

Mercury

Mercury is the sense-impression antennae of your horoscope. His position by sign indicates your reactions to sights, sounds, odors, tastes and touch impressions, affording a key to the attitude you have toward the physical world around you. Mercury is the messenger through which your physical body and brain (the Sun) and your inner nature (the Moon) are kept in contact with the outer world, which will appear to you according to the index of Mercury's position by sign in the horoscope.

Mercury in Cancer

What you hear, smell, taste, feel and see are of intimate and close concern to you. You are sensitive to every breath of air; you take it to your heart and cherish your reaction to it. The smell of the garbage truck is a personal affront to your nostrils, while the rose was created exclusively to delight the same. Loud noises persecute you, and you tend to think they were made for that purpose; while music is art's personal gift to you alone. You adopt the beauty of the landscape as if no one ever looked on it with true worship before. This personalizing of sense impressions can make you an awful fuss-budget, and also a bore if you insist on telling everyone how much you love, or hate, everything. On the other hand, the sensitiveness of your reactions and the intimacy with which you regard them make you capable of creative power, for art is only the personalized sense impressions of the artist, absorbed into the total personality and given forth in form. Add a point of view to your tendency to gush, develop a philosophy of beauty to give weight to your natural appreciation; learn to make sense impressions your own, and then release them into a significance larger than personal, and you have all the ingredients to make you a master in one of the arts.

Mercury Sextile Venus Orb: 06°58'

Idealism is manifest, and also a leaning to the arts, either on the creative or the appreciative side. Even though creative powers are limited, there is a good deal of appreciation of fine things, and innate discrimination. The champagne taste that so often has to get along on the beer

pocketbook. You may have friends among clever and intellectual people. You may marry someone from this group, for your affections are much bound up in your opinion of the loved one's mentality. You have a good deal of charm of manner, wit, and gayety to your speech, and probably have a very pleasant speaking (and perhaps also singing) voice. You don't shout even when you're angry, and you have a persuasive manner that wins people over. This is therefore good for salesmanship or the professions where personal contacts are of paramount importance.

Mercury Sextile Jupiter Orb: 08°18'

You have had a fine education, and a trained mind makes life easy. You are just, honorable, and somewhat proud of your mental achievements. You are anxious to impress people with your knowledge and very sure of yourself. This doesn't necessarily make you accurate and a tendency to elaborate tinges your giving out of information, though not in a way to make you untruthful, You philosophize a good deal, thinking in general rather than specific terms, and may be hard to pin down to details. You are judicial - this may accompany downright Puritanism and in any case contributes to the puritanical side of your nature. You incline to the professions, your mental bent being somewhat more philosophic and academic than the bent that normally leads to business. If by any chance you get into business, your ability to see things in the large will contribute to your advancement, and your integrity will be appreciated and rewarded. Keep your feet on the ground, for an inclination to go into generalities can destroy your business sense.

Mercury Opposite Uranus Orb: 06°37'

Quickness and mental facility are your gifts, with a periodic insight of great swiftness and accuracy but no great stability. Your mental control is not good, and your energies are wasted in temperament. You are independent in thought and action and your own mentor of opinion, frequently differing violently from established authority - and more likely than not to get into trouble through tactlessness. You like to talk back to policemen. The revolutionary spirit is strong in you with a "whatever it is, I'm against it" attitude. You like a battle of wits and will take the other side of the argument just for the fun of it or to help out the underdog. Your great independence and vigor of mind can make you a leader of thought when you have learned to get the chip off your shoulder.

Mercury Opposite Neptune Orb: 07°17'

You are a daydreamer. You think abstract and impractical thoughts which you weave into a web of reality but can't put into practice. You love beauty, music, and art and should try to master the creative technique of one of these to put your inspirational faculties to work. You have difficulty concentrating. You are easily distracted, not so much by things or people around you as by the wandering tendencies of your own mind. Even when you are shut up alone in a quiet room, little is likely to be accomplished.

Mercury Trine Pluto Orb: 04°22'

You are fascinated by the enigmatic or bizarre, and your thinking is geared to gaining a deep understanding of the mysteries of life. Because of this, you are a natural researcher and student of the occult, the sciences, psychology and astrology. You aren't satisfied by the dogmas or theories

that others are content with; your search is for a personal truth, a notion of your place in the cosmos. Although you are secretive by nature, there is nothing that gives you more pleasure than digging into other people's secrets. Your determination helps you to learn a subject in considerable depth or to get to the bottom of neighborhood gossip. You have to exert yourself to develop your mental resources, since you are apt to coast along, learning only what comes easiest. Concentration and discipline should be cultivated. Once they have been developed, you can use your powers of persuasion to lead others gently.

Venus

Venus is the emotional antenna of your horoscope. Through Venus, impressions come to you from the outer world because of which you feel and react emotionally. The position of Venus by sign at the time of your birth gives the key to your attitude toward these emotional experiences. As Mercury is the messenger linking sense impressions (sight, smell, etc.) to the basic nature of your Sun and Moon, so Venus is the messenger linking emotional impressions.

Venus in Taurus

You have a robust, physical, sensuous (or sensual) response to emotional vibrations. You are demonstrative, affectionate and passionate. You love to touch, to hold and be held by, the loved one. You are both sensational and passional; to know the difference, and to let the true instinct replace the false one is to achieve mastery of yourself and of others. Plenty of love addicts have this position, to whom love means physical enjoyment and little more. Raised to its best, this position of Venus enables you to elevate physical earthly love to a high spiritual plane and to understand the beauty of true union in a union of true beauty. You understand love deeply, accept it with your whole being, are content to express it wordlessly, value love's silences more than its speeches. You know both ecstasy and despair of love and you cling to a love once given and received with unbelievable tenacity, even in the face of great obstacles. You believe in love, in its earthly as well as its spiritual form, and will not be content till you have found both in one individual. Your emotional responses color your whole life; all sense reactions are intensified by this position, and your love of color, art, music and beauty in any form relates directly to the creative impulse which draws on, and interprets to you, all the experiences that earth has to offer.

Venus Square Saturn Orb: 09°37'

With respect to financial and economic conditions this does not indicate inheritance, in fact takes it away. Even if you were born into a family of wealth, it is likely to disappear before it gets to you or to be less than you had thought it would be. You receive little help from your parents and should not live around them any longer than you can help. You do best when you are on your own. Work for and live among strangers. You are careful of money but never seem to have enough. You should make a budget and stick to it. You have good business sense of a temperamental sort. You don't plan things out too well, but your instincts are pretty good because conservative. On the other hand, you are capable of scrimping for a long time and then spending your savings foolishly. You're the fellow Benjamin Franklin was aiming at when he wrote, "Never buy what you do not need because it is cheap." You have a fear and dread of poverty which may not be at all justified, but which you should guard against by always keeping something laid up for a rainy day. Property

rights are sacred to you, and you love to own things, especially land and your own house. You will make no end of sacrifices to have a place of your own.

Venus Trine Uranus Orb: 00°20'

You are magnetic and charming, attractive to the opposite sex, and mildly unconventional in regard to sex matters. You have a broad emotional viewpoint tending to the generally humane rather than to the strictly personal. Eccentric friends are helpful; you gather strange birds around you. You love to help the underdog. An active social nature brings you in contact with strong people and assists your advancement. This adds to the luck in life and suggests a marriage that is happy romantically and financially helpful at the same time. It is a mild aspect in itself and produces little but strengthens the good and mitigates the evil, as shown by the rest of the chart.

Venus Trine Neptune Orb: 00°19'

You are romantic, charming, alluring - and impressionable. You are idealistic, always looking for perfection in your sweethearts and in the world and blissfully certain that even though it may elude you, it's there and will be found eventually. You are more trusting than erring mankind deserves. You can be fooled by one person and, in the twinkling of an eye, trust someone else who may be even less trustworthy. You are attracted to out-of-the-way people - waifs and strays, down-and-outers, and can get yourself into a lot of trouble by believing in crooks, frauds, sensationalists, adventurers, and out-right seducers. Unless you lead a pretty sheltered life you will be taken in and shaken down at some time or other. Disappointment makes you reserved but doesn't destroy your faith in the ultimate goodness of everyone. This is one of the supporting factors for material luck in life.

Venus Opposite Pluto Orb: 02°36'

You are more aware of love's burdens than its bliss. You do want a permanent, growing love relationship, but you seem to attract the type of people who aren't willing to give as much as you need. With time you will learn the positive meanings of love, which will be all the more precious to you because you already know the pains. One of the things you may become more aware of as you experience love is that your relationships reflect your own inner turmoil; as soon as you start respecting yourself as you are now, you will find that you attract a giving, loving person more easily. Marriage could occur out of a strong need for financial and emotional security. Some of your love affairs could be secret ones, possibly with married persons. An intense love affair for which you are forced to give your all could bring about a transformation.

Mars

Mars is the energy principle in the horoscope. His position by sign indicates the channels into which energy will naturally flow, and the uses to which energy will most easily be directed. It is the planet through which the activities of the Sun and the desires of the Moon express in action - through which your body and your mind react to the sense impressions of Mercury and the emotional impressions of Venus.

Mars in Virgo

Your energies are directed to system, or, in the negative manifestation, to no-system. "When it's good it's very very good, and when it's bad, it's horrid." One way or another, your effort is related to the order of your life. You will be the most systematic, logical, orderly, precise person in the world. Or else you will live from hand to mouth, your rooms in disorder, in constant rebellion against putting things where they belong. To get anywhere with this position of Mars you must learn how to accept the details of life, to take them for granted, so as to release your excellent mental energies into progressive channels. Until you have put your house in order, there is no place for you in the outer world. Once you have achieved order, you must progress to the point where you take it for granted; because to spend all your time dusting and straightening up is as wasteful as to spend all your time looking for things. Master detail, forget it, and then let your cleverness - of which you have plenty! - go to work on more essential things. The danger of this position is narrowness of effort through inability to see the forest for the trees; its great virtue can be mastery of detail, and the ability to bring large ventures into being from small, sound beginnings.

Mars Opposite Saturn Orb: 02°04'

This is an aspect of bad judgment and of that peculiarly insidious form of bad judgment which for years may appear to be "getting away with it" until the accumulated flaws in your life topple over the structure of your existence. If you have this aspect in your chart you will do well to sit down right now and make a thorough analysis of your life, your position, and your security, to see whether you are not operating on a major fallacy - a fallacy concerning either your own capabilities or the nature of the world in which you are working. Somewhere along the line you are making a fundamental mistake in estimating your own capacity, or the extent of your security.

This aspect will give you some sort of an inferiority complex to bring you under the dominance of older people. In general it will retard your development, making you indecisive and too willing to take advice and guidance. You are likely to be imposed upon - with periodic and depressing bursts of rebellious temperament which serve to wear you out without accomplishing anything else. You struggle for a decision, letting things mill around in your mind for a long time indeterminately without really concentrating on the facts and figures; and finally, out of sheer impatience you jump to a conclusion which may not have any relationship with the facts or with your mullings. The dominance of others, early responsibilities, and a sort of nervous rebellion toward them cause you difficulty in orienting yourself to the world. None of these things, of course, is fated, and the difficulty may be overcome by the assumption of independence in youth; by a philosophic attitude toward obligations which cannot be avoided, and an accompanying determination not to be imposed upon, or by a strict course of self-analysis, to get at the roots of your indecision - if necessary, to change your environment and your occupation in order to rout out those factors which are psychologically distressing.

Finances will bear watching especially with respect to sudden losses due to bad judgment in business matters, and the emotional nature must be carefully guarded against the incursion of factors that make for psychic biases in human relations. In a woman's horoscope this usually means disagreement between husband and father, or husband and brother, or husband and sons - or all of them. You had to defy your father to get married at all, or throw off some obligation or tie which someone is trying to foist on you. Whether other factors do or do not exist, however, the Nemesis

of erroneous judgment very temptingly presented, must be watched, and you must make every effort to analyze strictly what you do from a purely rational, logical, and unemotional viewpoint. There may be difficulty through love matters and danger of deep-rooted emotional biases with respect to love.

Mars Square Pluto Orb: 09°05'

Your energy has a way of getting away from you. You haven't yet learned to instinctively spot your stopping point and thus could wear yourself out through a relentless pursuit of your goals. A certain ruthlessness marks your actions when someone tries to thwart you. When you meet an obstacle, you are likely to force it out of your way without thinking of other people or the consequences of your behavior. At work and home, don't expect others to keep up with your hard-driving pace. To preserve your energy for the future, learn to pace yourself. Consistency and persistence bring you more success than sudden bursts of frenetic energy.

Jupiter

Jupiter is the feeler you have out in the world for opportunity. Through it the chances of a lifetime are passed along for consideration according to the basic nature of Sun and Moon. Jupiter's sign position indicates the places in which you will look for opportunity, the uses to which you wish to put it, and the capacity you have to react to and profit by it. Jupiter is ordinarily, and erroneously, called the Planet of Luck. It is "luck" in so far as it is the index of opportunity; but your luck depends less on what comes to you (Jupiter) than on what you do with it (the total personality). Opportunity appeals to you along lines laid down by your Jupiter. With Jupiter in the same sign as Moon, Jupiter gives a direct and generally effective response to opportunity and is likely to show forth at its "luckiest."

Jupiter in Libra

This is a curious position, capable of seeing opportunity almost everywhere. There is a certain perversity about it, because you seem willing to do anything except what your nature is best fitted for. The opportunity that will appeal most to you is very likely to be the last thing in the world you ought to do. You are all too likely to follow what someone else says you ought to do, or what chance throws in your way. You need to cultivate firmness of purpose, and to concentrate on one line in which you want to excel. Your need for appearing successful in the eyes of others, rather than in your eyes, causes you to see too much with the eyes of others, so that you lack the drive of those who work outward from their wells of ego into the world. You are all too likely to try to fit your ego into the demands of other people, and thus to founder because your anchor is not within your own heart.

Saturn

Saturn indicates the direction that will be taken in life by the self-preservative principle which, in its highest manifestation, ceases to be purely defensive and becomes ambitious and aspirational. Your defense, or attack, against the world is shown by the sign position of Saturn in the horoscope of birth.

Saturn in Pisces

This position causes you to seek vindication within yourself. Your struggle with the world is the inner struggle between the good and the bad within you; and you are capable of being content with self-approval when you have mastered yourself. If from this point introspection goes deeper, you realize that self approval is not enough, and require that self-approval shall be further served by the approval of others. Your defense against the hardships of life (and life does seem hard to you) lies not in open struggle with it, but in struggle within yourself to make life seem less difficult. This in its worst form results in introversion, withdrawal, brooding, giving up the struggle, and holing up alone to feel sorry for yourself. In its middle form, you fight off the lethargy and the withdrawal and find the key to your problem within yourself. In its advanced and best form, you improve your doleful outlook, redirect your energies outward, discover your virtues and your abilities, and make complete self approval wait till you have won some objective testimony of your worth. This is a difficult position, but being flexible, gives great inner strength. You are moody and tend to fluctuate from heights of being pleased with yourself and the world to depths in which you and everything else is at sixes and sevens. Your reaction to experience is almost wholly subjective: sunshine is shadow if you're feeling bad; and clouds are harbingers of joy if you're feeling good. You are one of the people who thinks a rainstorm was sent solely to destroy your outing, and who rebels personally against the weather. In acute form this leads on to delusions of persecution or some minor neurosis. But your capacity for knowing yourself is great, and once you have learned the trick of self-analysis, you can lead your temperament into creative and constructive channels to become one of the most useful members of society.

Saturn Square Pluto Orb: 07°01'

You may feel that the burdens of the world rest on your weary and fragile shoulders. With this pessimistic attitude, you can identify opportunities as obstacles and thus exaggerate the slightly troublesome things that do happen to you. This view restricts your ability to achieve your ambitions. A refusal to accept responsibilities works against long-range happiness and success. For a winning attitude, try to see that everyone has obligations to live up to, not just you. Also, learn to work more willingly with other people.

Uranus

Uranus in a general way relates to the neuro-mentality, creative originality or individuality, and his position by sign in the horoscope tells the direction along which you will seek to express your most characteristic self in creative and original effort.

Uranus in Capricorn

Capricorn is the so-called World sign and it is natural that the genius Uranus therein should produce a generation that would upset old traditions. With this position, you are likely to feel that you are giving expression to your truest genius in rebellion against things as they are, or as they were, for you still remember the revolt against conventions that occupied your youth, when to be part of the general iconoclasm of the day was considered personally daring. Mass individualism is the product of Uranus in Capricorn. To progress from the conventional unconventionality to truly

finding yourself and your individual expression has been quite a task. When you find it, you will discover that your great contribution must be along lines of social progress, probably quite conservative in aim, even if unusual in method. You seek not to destroy the law and the prophets, but to fulfill them with all the vigor and individualism.

Uranus Conjunct Neptune Orb: 00°39'

Children born with this conjunction are natural mind readers, and they also seem to know what will happen. It is difficult to give them a surprise birthday party, as they somehow know that something is up. It is important to support the development of these powers, as they can languish and cause trouble if misunderstood. Travel is a given with this aspect.

Uranus Sextile Pluto Orb: 02°15'

You are a non-conformist, but you don't feel the need to force others to follow your life style. Your original approach helps you to get more from life than more timid souls, but you may have to cultivate a more constructive outlet for your energies than you naturally have. Some energizing factor within the horoscope - squares in general but, more importantly, squares from Mars - will be needed if you are to actualize your creative potential. Otherwise, you are too likely to coast through with what comes easiest for you.

Neptune

Neptune relates to the deepest wells of the subconscious, inherited mentality and spirituality, indicating what you take deeply for granted in life.

Neptune in Capricorn

This combination resembles footprints in the sand: visible until the tide washes the beach clean. Strong intuition in business matters, even real genius, is qualified by possible miserliness and a penchant for fuzzy-headed schemes (the motives of which are always mixed). A barrage of leveraged buy-outs has sent the corporate world into a dither, and there is generally an attraction to conspiring against institution, fraudulently if necessary. There is heightened perception of opportunity, and the wherewithal to take advantage of it. Neptune always has a strong Pisces side, regardless what sign it is in, and connotes integration of the life function, a translation of consciousness from what is possible to what is real. Pisces is also the sign of boundaries. All too easily, with Neptune in Capricorn, you lose yourself in pursuit of opportunity. There is a nagging warning not to sell out or bargain with alien needs. You evince a subtle martyrdom to mass prerogatives. Too easily you may be tempted by peers to veer from your course. Neptune in Capricorn warns against a lack of self determination which challenges all people embarked on the quest of self-knowledge. Be careful you don't end up with agendas and priorities you don't understand, much less can't execute. Regularly assess the nature of your needs. To what extent have you taken on dependencies or distasteful customs, having let your convictions be manipulated by the forces of "a foolish consistency"? Do not confuse usefulness with bondage or enslavement.

Neptune in Capricorn is characteristically revealed in drugs, both trafficking and addiction,

small and large scale. Being out of touch with the Self fuels a need to anesthetize pain. You compare yourself to others: athletes who think they cannot compete without steroids, teachers who loath learning because they cannot admit any capacity for error. There is a battle of learning versus suppression. Consider the People's insurrections against repressive government throughout the world in 1989, most successfully in Europe, harrowingly in China and Tiananmen Square, dramatically in Romania with the execution of Nicolai Ceausescu. And consider the flip side of Neptune in Capricorn relative to these events: entrepreneurs buying up the tumbled Berlin Wall and selling it as souvenirs at \$10/pound in retail stores (complete with certificate of departure). There were face offs between the ruthless: pragmatism and ambition of narrow-visioned political entities and every individual's genuine need and right for freedom. The Chinese students became Neptune in Capricorn martyrs by throwing themselves at a cause with such conviction and passion.

Ask yourself if there are any people whom you permit rulership, anyone who justifies atrocities with a pretense of inalienability - for world events occur in microcosmic form within individuals. Neptune in Capricorn supports the survival of the clever and ambitious, and where it might seem that compassion would mitigate such Darwinian mechanics, beware how quickly kindness is diffused by the paralyzing loneliness which results from seeking salvation in otherness.

Neptune Sextile Pluto Orb: 02°55'

The ideas that were instilled in you by your parents, church and society will undergo changes throughout your life until your religious and philosophical views are distinctly your own. This type of creative adaptability makes you able to forgo selfish concerns and direct your efforts toward the betterment of all. Artistic and/or psychic talents are possible.

Pluto

Pluto relates to the ability to let go of things, to get rid of irrelevant prejudices and outdated habit patterns. It relates to subconscious feelings, inner urges and repressed emotions. A strong Pluto gives the ability to see the hidden side of life, and thus bestows power on the native - power which can be used for good or ill.

Pluto in Scorpio

Astrologers have assigned Pluto's rulership to Scorpio, and while opinions occasionally differ, notably Carl Payne Tobey's that Pluto rules Aries, the symbolic meanings of Pluto and Scorpio do have much in common. Pluto travels its fastest in Scorpio, spending only 12 years in that sign, where it spends up to thirty years in the other signs. The Planet Earth experienced Perihelion between the Sun and Pluto in September of 1989, or its closest contact to that Planet, during which time Pluto actually orbited inside of Neptune for a while. Here we have felt Pluto at its strongest. This is a convincing argument in itself that Pluto rules Scorpio.

Sexual matters are the main manifestation of Pluto in Scorpio. There has been an alarming spread of the AIDS virus. Questions arise and demand consideration about what constitutes safe, responsible sex. Free mores of the '60s and '70s have revealed a need to concern ourselves with the implications of what we still welcome as more open attitudes about sex. Sexual violence and rape have also come to the fore. Hardly a day goes by when there's not some story, great or small, in the

newspaper. Pluto in Scorpio challenges people to deal with tension in productive ways. Unfortunately, perpetrators of physical violation find their outlet through aggressive outbursts. Pluto in Scorpio also calls self-esteem into question, with a general helplessness the result. Defenses are down all around.

Pluto in Scorpio also has a dramatic impact on religion. Notice the number of cases of sexual abuse within the church. Also notice, on a more positive note, people's increasing interest in discovering the common thread in their fellow human beings and nurturing it for the better rather than, like their ancestors, using it for a noose. We are challenged to be more responsible toward the welfare of each other without losing our respect for ourselves. A mixture of directness and compassion is the subtle key. It is an alchemical process, whereby we find the right proportion of allegiance and maverickness, producing wisdom.

Current Transits

The current transits are calculated exactly for the date shown. Lewi wrote text only for the aspects that he considered to be the most significant and only those are shown in this report. The dates shown only represent the times when the aspect is exact; its influence is felt for weeks, months, and sometimes even years around this time. A planet will often make the same aspect several times in one year before it leaves that area of the zodiac and moves on. This is due to the planet appearing to go backward or retrograde for a period of time and crossing and recrossing the aspect point. When this happens the effect of the aspect can be spread out over a considerable time and in this report the aspect and text will be printed for each time it becomes exact, although this series of aspects represents only one pass through this phase of its cycle. Remember that each transiting aspect is part of its over-all cycle and indicates a change of direction as well as an event. The cycle for a planet is the time it takes that planet to travel the entire 360° of the zodiac, beginning at the point where the planet is found at birth (the conjunction point), moving to the 90° point which Lewi calls the "lower square", then moving to the opposition or 180° point. Then it begins to move back towards the starting point, at the 270° point, or 90° away from the starting point, the planet is at its "upper square", and then it returns to the conjunction point where a new cycle is begun. Lewi will occasionally refer to these points in his text by name. In general all transits, whether of a planet to its own place or of one planet to another, mark cycles of growth beginning at the conjunction point, growing through the first square, fully grown at the opposition point, beginning to recede at the second or upper square, and finally starting a new cycle as it reaches the conjunction point again.

How long any aspect will be in effect is determined by the speed of the planet making the aspect (the first planet, i.e. Mars in Mars Opposite Sun). One Mars cycle is about two or two and one-half years and so a Mars aspect will last about 20 to 30 days. Jupiter takes about 12 years for its cycle and so its aspects could last around 4 months, while Saturn with a 29 year cycle will last 9 months or even more if it turns retrograde. Uranus, Neptune, and Pluto are all long range aspects and usually represent a time of 2 or more years. While Saturn and the outer planets indicate long range influences in your life, Mars aspects will identify important months and Jupiter will identify important years. Not every occurrence of these will be of striking importance. But within a larger Saturn cycle or Uranus period of great importance, these briefer influences will be found to act as the second or minute hand of the clock of destiny, as Saturn, or Uranus, or both, act as the hour hand.

Dec 18, 2018 - Pluto Conjunct Neptune

This is a time of questioning long-held beliefs in a search for personal meaning. You aren't willing now to embrace an idea without first testing it to find out how well it fits into your general

scheme of the cosmos, your notion of the unity of all life. This manifestation is the highest one possible with this influence, but there is the possibility that questioning will result in rejection - without replacement - of all you have believed in the past. Such disillusionment leads to confusion, which can have a long-lasting effect if you aren't wiring to adopt or construct some system of belief on which to base all efforts at self-evaluation. Introspection is one of the main manifestations of this period.

Jan 7, 2019 - Pluto Conjunct Uranus

This could indicate a period of "I'll find out for myself" skepticism. Your typical reaction now is one of rebellion, your stance one of independence. You may feel like a rebellious teenager. You are more likely now to make impulsive changes which could have long-lasting effects, so take the time to think twice before you act. You obsess about time constraints. Clearing your mind of clutter is time well spent during this transit. Cultivating a power of concentration - which you can do during this transit - will give you a sense of how you have wasted actin in the past and how you can avoid that in the future. This is an opportunity for quick and total change, eccentric or reactionary, but that is no matter because during this transit, when intuition is strong, if you listen closely to your conscience, you know what you need to do. Erraticism in the eyes of others could be the perfectly logical step for you. Resist perfectionism. Develop a talent for stopping dead in your tracks when you spot unproductive behavior in yourself, sinning on a dime, and moving in a more fruitful direction. People will likely come and go during this transit, especially friends. Your marriage partner might drive right to the very core of your being with seeming barbs. They truly are seeming. Of course you want to preserve your self-esteem, but evaluate to what extend you have stood solely on bluster before this transit occurred. Close love partners represent self knowledge through sharing- an opportunity best not cavorted with lightly. Understand your occasional urge to "run naked into the night" without plan or destination. Resist fear-based flight. Pluto represents a power to confront absolutely whatever is menacing you, and Uranus an ingenuity for getting yourself out of a bind. So, positively used, this transit is your breakaway ticket, from whatever has caged your brilliance.

Jan 8, 2019 - Mars Square Sun

Domestic matters are important. This transit frequently times a move from one house (or town or locality) to another, or some important decision in the private life. New starts work out if well considered and unmotivated by temperament. Social activity is increased; you have lots of friends around you. This is a good time to begin new ventures for quick completion, ventures which have a bearing on your longer-range plans. This is a good time to clean house, redecorate, etc. The home is likely to be upset, and it's wise to make the upsetting literal and to some good purpose, instead of figurative and quarrelsome.

Jan 9, 2019 - Mars Opposite Jupiter

This will generally not amount to much, but periods of loss through risks or gambles or through over-enthusiasm or bad business judgment are frequently marked by it. The outlook is too enthusiastic to let sober reason dominate; but this generally brings nothing but minor extravagance. This transit might mark some major material setback due to a combination of bad judgment and bad luck.

Jan 11, 2019 - Mars Opposite Moon

Fatigue leads to strife, so relax. There may be illness and you may lose your grip on things. Refuse to take yourself too seriously. Go to bed and rest instead of brooding; you'll avoid strife and trouble thereby. Force no issues. Energy may find its expression in some glamorous romance which may or may not be important, depending on other long-range transits in force at the same time with this.

Jan 31, 2019 - Mars Square Uranus

This transit is not usually important except as a marker of temperament and minor strife. But at one of these periods some major break due to temperament - some sudden shift in the pace and direction of the life - is likely to occur. The individuality is suddenly awakened to broader horizons, greater worlds to conquer, and determined to shake off the shackles of restraint. In undisciplined persons this will mark periodic temperament, rages, rebellion and strife; also accidents and setbacks due to lack of nervous coordination. In normally disciplined individuals all but one or two of these periods should be comparatively inconspicuous. But the one or two may be memorable and probably nothing to be proud of.

Feb 10, 2019 - Mars Square Mercury

Quick speech, thought and actions make strife and trouble. Be silent, cagey, noncommittal. The quick retort makes trouble. Wrong decisions often come in one of these periods, which recur about every six months and need careful watching. Sometimes the most casual remark results in a lasting grudge. Mountains (of trouble) grow out of molehills (of speech). It is best to be silent.

Mar 16, 2019 - Mars Conjunct Venus

Heightened emotions make romance, which is favored if you keep it within the bounds of reason and convention. Impulsive acts, with or without a future, are frequently found in these recurrent periods. Glamour surrounds your approach to life; you are susceptible to the opposite sex and they to you. This transit frequently indicates the time of marriage within the period of a longer transit that favors it. If the era of romance is past, this indicates an active and on the whole satisfactory social period; business progress; extravagance with money; a sudden urge to go places and do things - and perhaps a chafing at the marital bit which should not be taken too seriously. Energies work through emotions and passions, which in turn work overtime and should be gently disciplined though not entirely submerged. Often, for obvious reasons, this transit indicates the conception of children, especially if it occurs while Mars is conjunct your sun or conjunct your Mars.

Mar 20, 2019 - Mars Opposite Pluto

This transit represents a strong alliance of similar energies. A sense of mystery pervades otherwise mundane events. Aggressiveness peaks. Care should be taken to secure your holding, protect your possessions and yourself, for this transit includes some vulnerability to the principle of redistribution. You might be knocked off your throne for no apparent reason. You could emerge from this period thinking the universe is a quixotic, capricious place, or you could take events as

keynotes of respect for structure and self-care.

Sexual energy will be high. You could find yourself surrounded by irresistible people, and the tendency is to think that the veil between you and them is much thinner than it really is. Take time to treat people respectfully. Take this opportunity to de-objectify your world view and adopt a more service-oriented demeanor. Depending on how successfully you have mastered life's trials, this could be a time of "icing on the cake". Just make sure the recipients of your "death blows" are the nasty loitering ghosts in your own psyche, not the people on the street whom these ghosts resemble.

Apr 3, 2019 - Mars Square Mars

This transit indicates a period of hard work and abundant energies, which causes no trouble unless major disruptive influences are in force. There is a slight tendency to talk too much, boast and be arrogant, but the swiftness of the pace generally carries you through without major trouble. Look ahead, work toward and plan for some major development to take place coincident with the conjunction of the transiting Mars with your birth Mars which will occur around Aug 21, 2019. Frequently this transit marks the busy start of something that matures at the next Mars conjunction to Mars and should be viewed with that in mind. Protect health and nerves from excess; be objective and detached; and let reason rule the emotions.

Apr 9, 2019 - Saturn Conjunct Neptune

The world, the flesh and the devil descend on the inner man with all their temptations. Observe the surrounding influences from other planets. Deepening of intuition, the practical application of truths deeply known, the profound comprehension of still deeper truths as yet unsuspected are the best results of this influence, which will lend magnetism to your nature, charm to your personality, and so attract success magically. If operating on the non-spiritual, purely materialistic plane (and it often will!), the world will seem a cold place, unsympathetic to the profound things you know; you will feel balked, frustrated, pushed back into yourself by the restraints of reality pressing in on your deeply held dreams. Since Neptune occupies the same sign for fourteen years, everyone born in this period will feel Saturn's transit over Neptune at about the same time; so the spiritual-material feelings it evokes will be the common lot of all those of about your own age. However, since each is an individual, you are able to put your own interpretation on these general influences and will do so in accordance with your ego, the nature of your psychic base, and the direction you have chosen to take in your personal development.

May 24, 2019 - Mars Conjunct Sun

The new starts of your Mars conjunct Mars are helped greatly with this aspect; your energies work smoothly, starting with this aspect and gaining momentum as Mars conjunct Mars on Aug 21, 2019 is reached.

Your danger at this time is temperament, temper, a tendency to feel your own importance too strongly and to get into trouble because of it. Also, unless you have the endurance of an ox, you will tire yourself as Mars transits your Sun, and fatigue is likely to lead to strife, breaks and separations. Translate your energies to work, activity, detached application to a job or task; and don't get touchy or allow personal reactions to interfere with efficiency. This can be a romantic period; your magnetism is high, and you are likely to get what you want if you moderate your demands and use more persuasion and less insistence than you want to. Intuitions can go wrong, and you need the balance of strict mental discipline to bring out the best of your energies. However, it is an excellent time to go after what you want, and marks periods of important decisions and moves.

May 24, 2019 - Mars Square Jupiter

Jun 27, 2019 - Mars Conjunct Mercury

Sharp wits help if you use them right, hinder if you get smart-alecky with them. Snap judgments, quick speech, sharp retorts and anger make trouble. On the other hand, keen perceptions give you the edge on others; you express yourself readily and to good effect if you keep emotions and personalities out. Sensory perceptions and powers of observation are increased. Creative powers mount; rapidity of mental processes enables you to do more than usual. Mental fatigue can result; budget time for relaxation and sleep. Any tendency to insomnia is emphasized; also to temperament, temper and self-will. This is a good time to sell, bad time to buy. Business is active, judgment shrewd. Sign no papers, don't commit yourself permanently; the picture changes too rapidly. Avoid strife, especially over trifles. Distrust intuitions; put deep trust in hard work and pure reason.

Aug 3, 2019 - Mars Square Venus

Social and romantic glamour leads to excesses, sometimes to strife, quarrels, separations. Minor loves and friendships break up, but important relations are merely strained; and indeed this frequently adds glamour to a deep love, intensifying its beauty. A break here, unless contributed to by some more important transit, is a sure index that the feeling wasn't very deep or important anyway. Avoid excess spending and stay away from temptation if you're interested in sticking to the conventions.

Aug 7, 2019 - Mars Square Pluto

This transit represents a strong alliance of similar energies. A sense of mystery pervades otherwise mundane events. Aggressiveness peaks. Care should be taken to secure your holding, protect your possessions and yourself, for this transit includes some vulnerability to the principle of redistribution. Aug 21, 2019 - Mars Conjunct Mars

This is a period when new starts should be made, new plans put into execution, new ideas promoted. Energies work along their most characteristic line and can be utilized to excellent advantage. Control natural impulses if you have any that get you into trouble, because now is the time when you are "being yourself" and it is your business to be your best self, not your worst. You

are starting a two year cycle and should establish the line you want to continue on for the next twenty four months. Seek new contacts, new avenues of self-expression, new channels into which to direct talents and energies. Beware lest anger and temper - letting go because you're feeling your oats - interfere with your best development. In your life check-up you will find that these recurrent two year periods marked with great consistency periods of important decisions, developments, activity and changes.

Sep 4, 2019 - Pluto Conjunct Uranus

This could indicate a period of "I'll find out for myself" skepticism. Your typical reaction now is one of rebellion, your stance one of independence. You may feel like a rebellious teenager. You are more likely now to make impulsive changes which could have long-lasting effects, so take the time to think twice before you act. You obsess about time constraints. Clearing your mind of clutter is time well spent during this transit. Cultivating a power of concentration - which you can do during this transit - will give you a sense of how you have wasted actin in the past and how you can avoid that in the future. This is an opportunity for quick and total change, eccentric or reactionary, but that is no matter because during this transit, when intuition is strong, if you listen closely to your conscience, you know what you need to do. Erraticism in the eyes of others could be the perfectly logical step for you. Resist perfectionism. Develop a talent for stopping dead in your tracks when you spot unproductive behavior in yourself, sinning on a dime, and moving in a more fruitful direction. People will likely come and go during this transit, especially friends. Your marriage partner might drive right to the very core of your being with seeming barbs. They truly are seeming. Of course you want to preserve your self-esteem, but evaluate to what extend you have stood solely on bluster before this transit occurred. Close love partners represent self knowledge through sharing- an opportunity best not cavorted with lightly. Understand your occasional urge to "run naked into the night" without plan or destination. Resist fear-based flight. Pluto represents a power to confront absolutely whatever is menacing you, and Uranus an ingenuity for getting yourself out of a bind. So, positively used, this transit is your breakaway ticket, from whatever has caged your brilliance.

Oct 12, 2019 - Mars Square Sun

Domestic matters are important. This transit frequently times a move from one house (or town or locality) to another, or some important decision in the private life. New starts work out if well considered and unmotivated by temperament. Social activity is increased; you have lots of friends around you. This is a good time to begin new ventures for quick completion, ventures which have a bearing on your longer-range plans. This is a good time to clean house, redecorate, etc. The home is likely to be upset, and it's wise to make the upsetting literal and to some good purpose, instead of figurative and quarrelsome.

Oct 12, 2019 - Mars Conjunct Jupiter

Opportunities abound, and your energies are up to them. Optimism runs high, and you can be made to color, and perhaps prophesy, the life for a long time. Work is abundant and gratifying; you are popular and lucky. Be careful not to waste opportunities through trying to do too much at once; don't spend too much money, either, but make a point of saving. This ought to be a period of good income, which tends to make you openhanded and generous, perhaps to a fault. Keep your eyes and

ears open; some of the best forward pushes of your life will come in these periods when circumstances combine to give you the rewards of work done in the past and to open up new doors for the future.

Oct 14, 2019 - Mars Conjunction Moon

The urge to express yourself induces you to express your most temperamental self. In emotional people this marks, as it recurs every two years, some tension and inner turmoil directly related to the inner self that they are trying to express in the world. It leads to strife, unconventionality, inner discord which transfers itself to the outer world. It is an excellent time for a vacation or for lying low and forcing no issues. Frequently the transit marks ill health for yourself or your mate. The worst of the ego nature comes out; all the complexes and suppressed desires rush to the surface and need to be put back in their place. The best result of this transit is awakened and increased self-knowledge. One of these periods in the life check-up will frequently mark a major emotional experience that you have never forgotten. The inner nature is brought rudely into contact with realities, and false notions are stripped away, frequently with great personal upheaval.

Oct 31, 2019 - Pluto Conjunction Uranus

This could indicate a period of "I'll find out for myself" skepticism. Your typical reaction now is one of rebellion, your stance one of independence. You may feel like a rebellious teenager. You are more likely now to make impulsive changes which could have long-lasting effects, so take the time to think twice before you act. You obsess about time constraints. Clearing your mind of clutter is time well spent during this transit. Cultivating a power of concentration - which you can do during this transit - will give you a sense of how you have wasted action in the past and how you can avoid that in the future. Nov 5, 2019 - Mars Square Uranus

This transit is not usually important except as a marker of temperament and minor strife. But at one of these periods some major break due to temperament - some sudden shift in the pace and direction of the life - is likely to occur. The individuality is suddenly awakened to broader horizons, greater worlds to conquer, and determined to shake off the shackles of restraint. In undisciplined persons this will mark periodic temperament, rages, rebellion and strife; also accidents and setbacks

due to lack of nervous coordination. In normally disciplined individuals all but one or two of these periods should be comparatively inconspicuous. But the one or two may be memorable and probably nothing to be proud of.

Nov 15, 2019 - Mars Square Mercury

Quick speech, thought and actions make strife and trouble. Be silent, cagey, noncommittal. The quick retort makes trouble. Wrong decisions often come in one of these periods, which recur about every six months and need careful watching. Sometimes the most casual remark results in a lasting grudge. Mountains (of trouble) grow out of molehills (of speech). It is best to be silent.

Dec 20, 2019 - Mars Opposite Venus

Heightened emotions make romance, which is favored if you keep it within the bounds of reason and convention. Impulsive acts, with or without a future, are frequently found in these recurrent periods. Glamour surrounds your approach to life; you are susceptible to the opposite sex and they to you. This transit frequently indicates the time of marriage within the period of a longer transit that favors it. If the era of romance is past, this indicates an active and on the whole satisfactory social period; business progress; extravagance with money; a sudden urge to go places and do things - and perhaps a chafing at the marital bit which should not be taken too seriously. Energies work through emotions and passions, which in turn work overtime and should be gently disciplined though not entirely submerged. Often, for obvious reasons, this transit indicates the conception of children, especially if it occurs while Mars is conjunct your sun or conjunct your Mars.

Dec 21, 2019 - Saturn Conjunct Neptune

The world, the flesh and the devil descend on the inner man with all their temptations. Observe the surrounding influences from other planets. Deepening of intuition, the practical application of truths deeply known, the profound comprehension of still deeper truths as yet unsuspected are the best results of this influence, which will lend magnetism to your nature, charm to your personality, and so attract success magically. If operating on the non-spiritual, purely materialistic plane (and it often will!), the world will seem a cold place, unsympathetic to the profound things you know; you will feel balked, frustrated, pushed back into yourself by the restraints of reality pressing in on your deeply held dreams. Since Neptune occupies the same sign for fourteen years, everyone born in this period will feel Saturn's transit over Neptune at about the same time; so the spiritual-material feelings it evokes will be the common lot of all those of about your own age. However, since each is an individual, you are able to put your own interpretation on these general influences and will do so in accordance with your ego, the nature of your psychic base, and the direction you have chosen to take in your personal development.

Dec 23, 2019 - Mars Conjunct Pluto

This transit represents a strong alliance of similar energies. A sense of mystery pervades otherwise mundane events. Aggressiveness peaks. Care should be taken to secure your holding, protect your possessions and yourself, for this transit includes some vulnerability to the principle of redistribution. You might be knocked off your throne for no apparent reason. You could emerge

from this period thinking the universe is a quixotic, capricious place, or you could take events as keynotes of respect for structure and self-care.

Sexual energy will be high. You could find yourself surrounded by irresistible people, and the tendency is to think that the veil between you and them is much thinner than it really is. Take time to treat people respectfully. Take this opportunity to de-objectify your world view and adopt a more service-oriented demeanor. Depending on how successfully you have mastered life's trials, this could be a time of "icing on the cake". Just make sure the recipients of your "death blows" are the nasty loitering ghosts in your own psyche, not the people on the street whom these ghosts resemble.

Dec 26, 2019 - Jupiter Opposite Sun

New contacts, new modes of expression, new work, new energies and ambitions tax mind and health. But you overflow with vitality and optimism and can carry quite a load if you take care of your health and refuse to indulge your weaknesses. Partners or associates provide excitement, and also luck. Money may come in without much effort on your part and can go out the same way. Avoid a spending spree, which you can slip into almost before you realize it. Apparently innocent indulgences mount till they are far from innocent. Human relations are glamorous; be sure they are also sound and not built on the quick sands of temperament and sensationalism. Be ready to grasp opportunity and keep your head clear so that you won't waste the chances that crowd around you.

Dec 26, 2019 - Saturn Conjunct Uranus

This is a very touchy vibration. Under most favorable circumstances this transit brings practical application of originality and genius. Under least favorable it calls forth the worst of temperament, self-indulgence, kicking over the traces. In any case, this is a period of tension in which the individualist in you fights against the world for expression along one line or another. To translate this from the purely personal, egotistic plane into one of mental or artistic creation is to insure the development of your deepest individualism smoothly and progressively for a long time. To submit to its weaker side is to store up lessons that will have to be disentangled later.

Dec 27, 2019 - Jupiter Square Jupiter

These periods fall halfway between Jupiter's conjunction with his own place and his opposition to it and indicate minor shifts in emphasis in your work and life plan. Opportunities may become more numerous; or, as is the case most of the time, you will simply be busy with what you are doing, and perhaps careless of money as a result. Financial status at these periods tends to remain fixed for about three years, and you should budget ahead according to the situation you find yourself in.

Jan 1, 2020 - Jupiter Square Moon

These are periods of physical and mental excess, generally resulting in fatigue and a necessity to take time off and rest. Self-indulgence wears you out and requires a holiday. This is a good time for a vacation. If you can afford to relax (and you really can't afford not to), you can enjoy life here. Be careful of excesses with money and emotions, protect your diet. The pleasures of food and drink are very alluring and make plenty of trouble if indulged in.

Jan 6, 2020 - Mars Square Mars

This transit indicates a period of hard work and abundant energies, which causes no trouble unless major disruptive influences are in force. There is a slight tendency to talk too much, boast and be arrogant, but the swiftness of the pace generally carries you through without major trouble. You should not let distractions interfere with plans you started when Mars was conjunct Mars on Aug 21, 2019. Protect health and nerves from excess; be objective and detached; and let reason rule the emotions.
