

OAKLAND POLICE DEPARTMENT

STRATEGIC PLAN

2021-2024

CHIEF'S MESSAGE

Every day I am proud of the incredible responsibilities that we, the Oakland Police Department have. The Oakland Police Department has developed this Strategic Plan for 2021-2024, a road map to a brighter future. Our strategic plan embodies our Mission, Vision, and Values, and serves as a guiding document in setting forth the Department's strategic framework to continue to enhance our performance and service as we set our end goal and making sure it's actionable and measurable. As an agency, we must continue to enhance our foundational strength to successfully achieve our critical mission. Planning is a multi-year process, building upon the strategic plan in providing foundational milestones and overall direction. The goals and objectives outlined in this Department Strategic Plan specifically focus on the organizational, administrative, and operational priorities over the next three years that will guide the successes of our incredible respected workforce and invaluable law enforcement and community partnerships.

Beyond providing milestones and specific action items for the organization to strive for promoting excellence, within the tenets of this plan each of us – Department leaders, sworn officers, and professional personnel – has a role in accomplishing the goals and objectives of the Department Strategic Plan. In the continuance of reaching organizational excellence where we embrace our professional service, diversity, inclusion, accountability, and proficiencies, we must all collectively rise to meet the goals and objective set forth in this plan.

As an agency, we are committed to building a culture of greatness and being a part of something greater than ourselves. I am proud of that commitment. This includes our diligent internal and external assessments, accountability throughout the organization, responsiveness to our community with an emphasis on planning for the future while championing sustainable compliance in practice and achieving nationally recognized best practice in 21st Century Constitutional policing.

We are tasked with successfully managing one of the most progressive law enforcement police agency in the country. I am confident that we will continue to embrace our shared successes and the trust from those that we are privileged to serve by tenaciously focusing on the progress and improvement through our dedication to achieving the Department Strategic Plan for 2021–2024.

Defining the Department's Strategic Direction For 2021-2024

To identify the Department's goals and strategies, the Department's leaders, both sworn and professional personnel to include members of our community and other stakeholders were surveyed, interviewed, and asked to share their insight and observations about the Department's current operations and its workforce. They were also asked what changes the Department should focus on over the next three years. Information gained was analyzed for common themes, frequency of key topics, and highest priority focus areas.

To define the Department's goals and objectives for 2021-2024, five strategic goals were identified:

Goal 1: Reduce Crime To Improve Public Safety.

OPD is committed to ensuring the safety and security of the Oakland Community. OPD will continue to focus on reducing violent crime by removing guns from the streets and utilizing intelligence-based approaches to enforcement. In addition, OPD will maintain its collaboration with the members and partners of the Community to identify and help those most at-risk of committing or being the victims of violence. OPD will also put a focus on decreasing Priority Response Times. These combined efforts will make Oakland a safer Community.

Goal 2: Improve Community Engagement and Strengthen Community Trust.

As guardians of our Community, OPD is not apart from the Community – our talent, our purpose, and our very legitimacy spring from the support and direction of the Community we Serve. As professionals who are tasked by the Community to meet some of our most difficult challenges, we strive to provide an environment marked by respectful, engaged, and consistent communication where the ideas and priorities of the Community are listened to and incorporated into our service delivery.

Goal 3: Develop and foster a high-quality, involved, and respected workforce.

OPD is, at heart, an organization built around people. Every contact our staff makes with our Community is an opportunity to build trust, convey respect, provide competent service, and solve a problem. Having the best trained, equipped, and developed workforce that embraces this heavy responsibility, while feeling supported by organizational leaders, our government, and our Community will make it that much easier for OPD to make these everyday encounters the best they can be.

Goal 4: Demonstrate Sustained Compliance with the Negotiated Settlement Agreement.

Although OPD has been part of a negotiated settlement agreement (NSA) since 2003, much has changed since the time that agreement first took shape. This plan not only provides an opportunity to look back on all we have accomplished as an organization but to also take stock of the remaining few tasks, set our sights on compliance, and blaze a path forward towards setting new and even better benchmarks for best practices in policing.

Goal 5: Prepare for the Future of Police Service Delivery.

Oakland has been at the forefront of many social revolutions, and policing is no different. As we prepare to enter the 2nd quarter of the 21st century, OPD will look to the future of police service delivery. Whether this means improvements in recruiting, reviewing, and updating the department’s patrol plan, taking on the challenge of major infrastructure updates, or increasing our use of technology, we plan on being part of the future in a way that intentionally weaves us further into the Community we Serve.

To the men and women of the Oakland Police Department, sworn and professional staff, I want to thank all of you who completed a survey, expressed your opinion to me or other department leaders, or provided assistance and work on this strategic plan. You should feel proud to see the sentiments you and your colleagues expressed on each page of this document.

To the members of our Community, I want to thank you for your trust, your patience, and your willingness to provide your feedback, criticism, and support. OPD is an expression of the will of every Community member; even when we make compromises or take unpopular positions, we do so in the knowledge that our goal is always to Serve our Community.

Together we will represent the Oakland Police Department through Professionalism, Pride and Effectiveness, a leader in Law Enforcement Excellence.

In Service,

LeRonnie L. Armstrong
Chief of Police

Embracing the Future of Police Services

Transformational Policing

We are transforming how we interact with our Community by embracing 21st Century policing principles. By taking these steps, we hope to establish the legitimacy of our services, keeping Trust and Respect at the forefront of our actions.

The Ceasefire Program has OPD working with Community Leaders and is effectively reducing gun violence by those who are most at risk, using data to drive engagement and outreach.

There has been a 62% decrease in overall stops between 2017 and the end of 2020, dramatically reducing our overall policing ‘footprint’.

On average, Non-dispatch stops were Intelligence Driven 37% of the time in 2020, a 10x increase from 2015.

Encounters, such as traffic-stops, of African American’s decreased by 71% from 2017 to 2020.

Training in Procedural Justice has topped 14,000 hours since the program’s inception.

Officers have had over 4,000 hours in De-escalation Training since 2020.

Transformational Policing (Continued)

During the last 5-year period measured, the average number of officer-involved shootings decreased to less than one per year, a decrease of 600% from the previous 5 years.

The Crisis Intervention Team (CIT) at OPD is a leader in its space, providing almost 500 hours of training to internal officers, and over 1,000 hours to external agencies in CA.

Embracing Diversity

We are taking steps to ensure our workforce, both sworn and civilian, reflects the diversity of the Community we Serve.

Embracing Diversity (Continued)

We have partnered with Eastbay Works, Oakland Rising, and Oakland LGBTQ Community Center to help increase the diversity in our candidate pool.

In addition, we have outreach programs at O.U.S.D. and several local Community Colleges: Laney College, Chabot, Peralta, College of Alameda, Merritt Community College; to ensure we target local candidates.

Embracing Diversity (Continued)

Finally, we are partnering with HBCUs, including Spellman College, Morehouse College, and Clark Atlanta University. We are continually looking to add more colleges to this program to further drive diversity in our workforce.
