Appendix: Transfers of value to organisations engaged in some work with patients.

Pfizer provides support to a number of organisations that are not patient organisations, but which have patient organisation membership or are otherwise relevant to patients. As such, they are listed here for the sake of transparency.

European Alliance for Personalised Medicine (EAPM): Founded in 2012, The European Alliance for Personalised Medicine (EAPM) brings together Europe's leading healthcare experts, healthcare organisations and institutions, and patient advocates to improve patient care by accelerating the development, delivery and uptake of personalised healthcare including personalised medicine and diagnostics. EAPM is based in Belgium. In 2019, Pfizer Inc paid €20,000 for membership fees and €20,000 for 2019 activities.

European Brain Council (EBC): The European Brain Council (EBC) is a coordinating council formed by European organisations in neurology, neurosurgery, psychiatry, basic brain research (neuroscience), as well as patient organisations and companies from within the pharma and biotech industries. It represents a vast network of patients, doctors and scientists, and these stakeholders along with its industrial partners make it eminently suited to work in close partnership with the European Parliament and Commission, national governments as well as other policy making bodies. EBC is based in Belgium. In 2019, Pfizer Inc provided EBC with €20,000 as an annual industry partnership fee.

European Cancer Organisation (ECCO): The European Cancer Organisation convenes oncology professionals and patients to agree policy, advocate for positive change and be the united voice of the European cancer community. The organisation is renowned for its annual European Cancer Summit. In 2019, Pfizer Inc provided 15,000 EUR support for the CRTL Cancer Policy Track.

European Network for Smoking and Tobacco Prevention (ENSP): ENSP has more than 60 member organisations from across Europe. It aims to create greater coherence among smoking prevention activities and to promote comprehensive tobacco control policies, at both national and European levels, in order to prevent ill health and early death from tobacco-related causes. In 2019, Pfizer Inc provided ENSP with a policy-focused healthcare charitable contribution of €53,000 to support the ENSP-SRP 4th International Conference on Tobacco Control and Pfizer S.L.U provided €20,000 for CNPT International Conference on Tobacco Control.

European Organisation for Research and Treatment of Cancer (EORTC): The European Organisation for Research and Treatment of Cancer is a unique pan-European non-profit clinical cancer research organisation established in 1962 operating as an international association under Belgium law. In 2019, Pfizer SA/NV provided EORTC with 1500 EUR for the Corporate Sponsorship EORTC Breast Cancer group meeting on 13.09.2019.

European School of Oncology (ESO): The European School of Oncology was founded with the aim of contributing to the reduction of deaths from cancer due to late diagnosis and/or inadequate treatment. By improving the skills of all health professionals dealing with cancer patients, ESO helps shorten the time needed to transfer knowledge from research centres to daily practice, combining advanced technology with humanism in care. In 2019, Pfizer Inc provided €75,000 to support the Advanced Breast Cancer Global Alliance.

European Society for Medical Oncology (ESMO): ESMO is the leading European professional organisation for medical oncology. Comprising more than 15,000 oncology professionals from over 130 countries, ESMO is the society of reference for oncology education and information. In 2019, In 2019, Pfizer Inc provided €50,000 to support the Rare Cancers Europe Initiative.

The European Patients' Academy on Therapeutic Innovation (EUPATI) is a pan-European project implemented as a public-private partnership by a collaborative multi-stakeholder consortium from the pharmaceutical industry, academia, not-for-profit, and patient organisations. The Patients' Academy was started, developed and implemented as a flagship project of the Innovative Medicines Initiative, and continues to be led by the European Patients' Forum. EUPATI has already trained over 150 patient experts on medicines development, clinical trials, medicines regulations, health technology assessment. Additionally, EUPATI offers and maintains the Toolbox on Medicine Development (+3 million users - April 2020), and coordinates a network of national platforms for patient advocates. Pfizer Inc provided \$7,500 to EUPATI gUG in support for WeCan Masterclass 2019.

World Heart Federation: The World Heart Federation is the principal representative body for the global cardiovascular community, representing more than 200 heart foundations, scientific societies, civil society and patient organizations from over 100 countries. In 2019, Pfizer Inc provided 250,000.00 CHF to support World Heart Day Event.
