

\$100K IDEAS WANTED

NASA MSI Incubator
Wildfire Climate Tech Challenge

**UP TO 3
\$100K
WINNERS!**

Attention Students & Employees of Minority Serving Institutions

This is your chance to make a real impact and kickstart your entrepreneurial journey with NASA's groundbreaking initiative!

NASA is looking for innovative minds ready to develop businesses that combat the devastating effects of wildfires.

- Up to 3 visionary winners
- Winners receive \$100,000 each to fuel their business idea
- Exclusive access to NASA's MSI Business Incubator program
- Register at: <https://nasa-climate-tech/wildfires>
- Submit a 5-page white paper
- Create a 2-to-3 minute video to pitch your business idea

This is more than a competition; it's a launchpad for your future. Winners will gain invaluable experience and support in NASA's minority serving institution incubator, designed to transform your vision into a thriving enterprise.

Be sure to review the challenge rules for eligibility and the submission guidelines on our website:
