

# EQUIPMENT STANDARDS DECISION NOTIFICATION

**Decision Date:** 9/3/2020  
**Decision Number:** 2020-0305  
**Manufacturer:** Arccos Golf LLC  
**Product Name:** Arccos Caddie Link  
**Submission Type:** Device

**Product Description:** This is a communication device designed to be used with the Arccos GPS System. It acts as a storage and transfer device that receives information from the club tags and links to the player's cell phone so that the player does not need to carry their cell phone during the round. The mechanism is simply a means of storing and/or sending data to the player's mobile device.

**Decision:** **Permitted**

This ruling applies only to the sample submitted and any models manufactured identical to it. This ruling does not apply if there is any change in the design, manufacture, material or construction of this particular model. If a model of similar design, with identical markings is acquired from any source and found to fail USGA standards, then the conformance status of the model will be reviewed.

In advertisements and in any media, publication and/or promotional material, you are only authorized to make the statement: "**Permitted under the Rules of Golf**" or "**Allowable under the Rules of Golf.**" Use of the USGA name, seal or logo, including any use of this Decision Notification, in whole or in part, and/or indicating that the product is "Approved", "Tested", or "Certified" is prohibited.

The USGA reserves the right to change the Rules and interpretations regulating equipment at any time.
