CATALOG | 2024

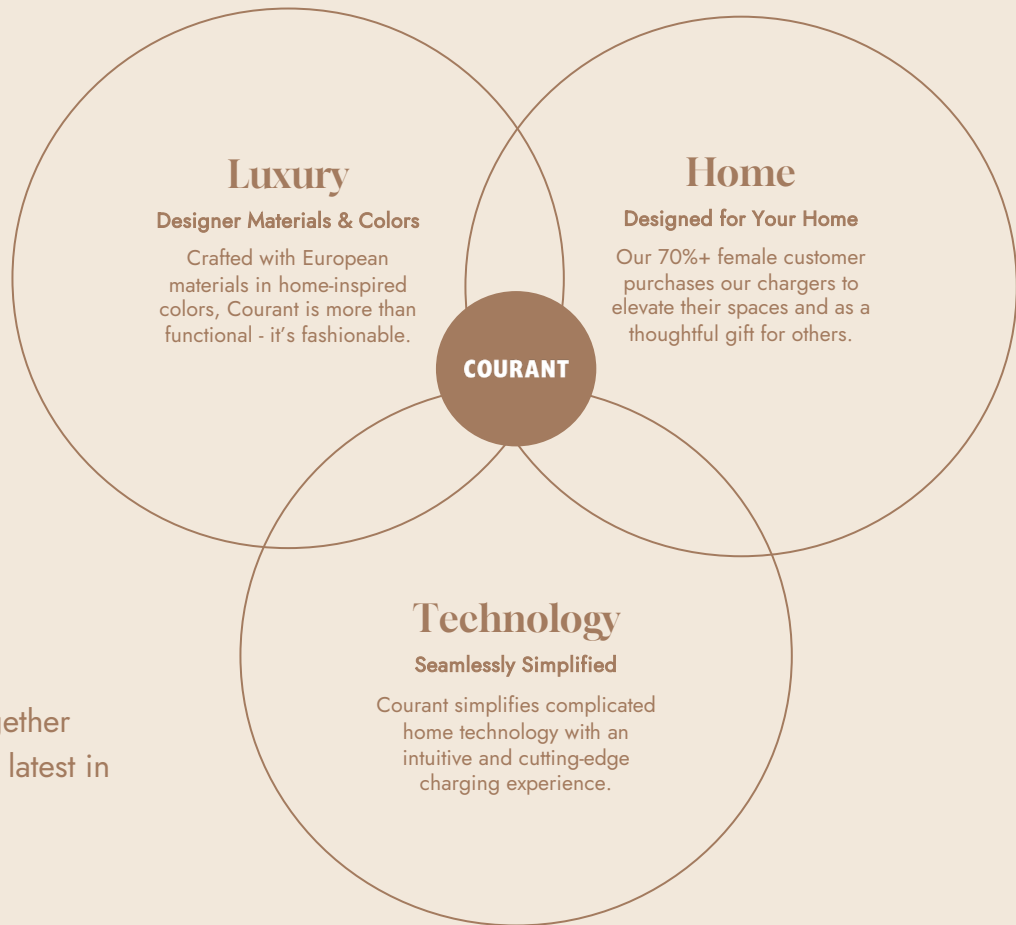

Beautiful Chargers That Elevate Your Home

We make chic charging solutions that combine luxury materials and award-winning design to easily recharge throughout every corner of your home.

The Courant Difference

Courant is the first and only brand to bring together luxury materials, home-focused design and the latest in wireless technology.

Designed & Curated for Your Home

All of our products are designed with your home in mind. That's why we offer the most considered color variety available in our category.

Our elevated and intuitive designs equip each room of your home with a charger to complement your interiors. Courant will replace cables tucked into couches and draped across tables with beautiful, unique solutions to be enjoyed throughout the home.

Custom & Hospitality

In addition to our wholesale channel, we offer customization to promote your business across industries like hospitality, entertainment, tech & more!

Reach out at chteam@verygreat.nyc for details on our low MOQs & quick lead times

Belgian Linen

The Essentials Collection

Belgian Linen

We source from the region of Belgium best suited for linen because of its topography, climate and soil composition.

All of our linen is produced in accordance with regulations and standards set by the **European Confederation of Linen and Hemp** - uniting farmers, linen artisans, and weavers under fair wages and universal benefits.

Our linen is **fully biodegradable** after use, using only rainwater in the harvesting of our flax plants. All materials are processed in a **certified low energy carbon neutral facility**, with no wastage in the cultivation process.

Italian Leather

The Classics Collection

Italian Leather

We source a combination of full and split-grain Italian leathers with both natural and embossed finishes from some of the **world's most renowned tannery groups** known for supplying international fashion houses. Production is primarily located in Arzignano, Italy.

We achieve the best quality through sustainable practices. Our leather is **Blue Angel Certified**, a high bar set in leather production for low consumption of water, low emissions, and in corporation of recycled resources. We work with **LWG Gold Rated tanneries** that maintain the highest protocols for corporate responsibility and a dedication to sustainability improvements to the leather industry as a whole.
