

# EVERYDAY LOOP CASE INSTRUCTIONS

more info

[pkdsn.com/everydaycase](https://pkdsn.com/everydaycase)

## ONE-HANDED LOOP DEPLOYMENT

Hidden panels depress on either side of loop, allowing holding finger to enter loop unassisted.

## TWO-HANDED LOOP DEPLOYMENT

Use fingernail or tip of finger to open loop, then slide holding finger in.

**Pro Tip:** Try different fingers to find the best grip for you.
