<sup>1</sup> IP68 indicates that the hearing aid is water and dust resistant. It survived continuous immersion in 1 meter of fresh water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard.

<sup>2</sup> Actual charging time depends on the remaining battery life, but it will not exceed 3 hours.

## SmartSpeech™ Technology

SmartSpeech Technology represents Phonak's dedication to designing features that improve speech understanding and reduce listening effort in various listening environments<sup>3</sup>. Our heritage of features include Speech Enhancer, Dynamic Noise Cancellation and Motion Sensor Hearing. With Phonak Audéo™ Lumity we introduce two new features: StereoZoom 2.0 and SpeechSensor in addition to the existing benefits of ActiveVent™ Receiver and RogerDirect™ Technology.

## Phonak Audéo L Trial™

The Phonak Audéo L Trial hearing aids can be quickly set to the desired performance level in order to suit your recommendation. All levels of technology in one Phonak Audéo L Trial hearing aid provides you with many options for providing the hearing solution at the first appointment or bridging the gap during repairs.

<sup>3</sup> Appleton, J. (2020) AutoSense OS 4.0 - significantly less listening effort and preferred for speech intelligibility. Phonak Field Study News retrieved from [www.phonakpro.com/evidence](http://www.phonakpro.com/evidence), accessed February, 2022.

Latzel, M. & Hobi, S. (2022) Receiver with mechanical vent provides benefit of open and closed acoustics for better speech understanding in noise and naturalness of own voice perception. Phonak Field Study News in preparation. Expected mid of 2022.

# Phonak Audéo L charging options

## Phonak Charger Ease

The Phonak Charger Ease is a compact charger with magnets in the charging slots that make it easy to insert and remove Audéo L-R and RT. It uses a standard USB-C charging port that lights up when power is applied.

## Phonak Charger Case Go

Designed exclusively for Audéo L-RL. Phonak Charger Case Go features a built-in battery that can charge two hearing aids up to three times. It uses a standard USB-C charging port and the LED on the back lights up when power is connected.

# life is on

Since 1947, Phonak is dedicated to preserving life quality by opening new acoustic worlds. Already back then, in the days of our foundation, our company was driven by a formative conviction: We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. In fact, the sense of hearing is directly linked to social, emotional, cognitive and physical well-being. Today as in future, we thrive to offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
