

CERTIFICATION

This is to certify that

Kamil Kanas

has successfully completed
MACH1DESIGN course

Practical EMC Training for Design Engineers

Date: 13 MAY 2022

Course tutor: _____

Min Zhang

Course duration: 10h 15min

Software used: SPICE based simulation tool, such as LTSPICE or Simetrix

Course content: Basics, Passive Components, Designing an EMC Filter, Troubleshooting Tools, Conducted Emissions, Radiated Emissions, Radiated Immunity, Structure Resonances
