RE: People vs Chasib Al Fawadi

Dearest your honor, Several months ago I was told by the U.S. Attorneys office that upon my sharing with their office, the true facts of the particulars of my overall situation of the aforementioned prosecution involving myself, that once these facts were confirmed that I would become eligible for release in order that I could return home to my family; However it has now been some 5 months since such agreement has been made and all facts confirmed and I've still yet not had any response from them.

Your honor Sir, I am the father of 3 young children (ages 8, 7 & 4 yrs old) and I feel that it is imperative that I remain in their lives so that I may care for them and guide them properly as a father should; Not only because of their overall needs as American citizens but also to ensure their privileges of true democracy and the rightful ways of which we are becoming to know here in America.

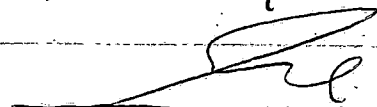

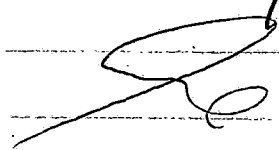

your honor Sir, I understand that I have made mistakes since being here in America, and that accepting responsibility is greatly needed in order to move forward in the right direction, and this is how I now come to you, so that I may now somehow begin to enjoy the true benefits and blessings of fatherhood, because truthfully speaking your honor, my #1 priority is that I NOT become separated from my children "At any cost", and although I also wish not to be deported from the United States, my one greatest anxiety in life is somehow being unable to be with my children and afford them the opportunity to make a positive difference in not only their very own lives, but also the lives of others as well.

your honor Sir, for the time that I have been in jail now, I have been trying very hard to learn how to read and write in English so I can not only learn many more things "Along with" my children, but also teach them how to be able to teach others from my own homeland how to be educated in English too, so that we can all be a lot smarter and do good things with our very own lives.

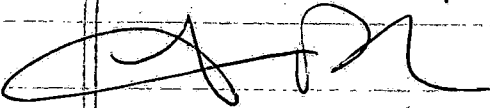

your honor Sir, I really feel the need to be with my children AS SOON AS I CAN AND I PRAY that you will help me to do this, especially since I have done what the u.s. Attorney office HAS ASKED OF ME, AND ALSO that I have been learning so much more good things to teach to my children, so me and my children hope to be back together real soon.

THANK YOU AND MAY GOD BLESS YOU AND YOUR LOVE ONES TOO."

Sincerely & respectfully Submitted
