Lectern diagram

Smart Classroom lecterns all feature installed PCs and standard peripheral equipment. Some are height-adjustable, but not all. While the exact equipment varies a bit room-to-room, this diagram shows a typical lectern.

gooseneck microphone

web camera

lectern monitor

reading light

control panel

document camera (folding model pictured)

cables & power cubby

keyboard

lectern height control (newer lecterns only)

mouse

PC, Blu-ray player, other hardware
