

Dietrich School District No. 314

2222

Instruction

Pre-Kindergarten School Fees

Monthly tuition for non-qualifying students will be determined annually by the board of trustees. Enrolled students will be given a screener test to determine their qualification status that will be given by the preschool program. If a student passes the screener test they will be categorized as a non-qualifying student and will be expected to pay the monthly pre-school fee.

A one-time yearly fee as delineated in the school board approved fee schedule is required per student to pay for supplies.

Parents are responsible for each month's tuition, in spite of absences.

If payment becomes one (1) month delinquent, that child's enrollment may be cancelled.
