CABINET OF THE PRESIDENT

The Cabinet of the President of the European Committee of the Regions (CoR) is the political interface between the president and the political levels of the European institutions. Working together with the president, it establishes the broad direction of policy to be pursued by the administration. The cabinet gives political guidance to the president, and the office staff act as her/his official advisory group. The Committee's president appoints the head of her/his private cabinet, who then selects the rest of the team. Each member of the team works on a particular number of EU policies within his/her sphere of responsibility.

The trainee in the Cabinet of the President supports the President and the other members of the cabinet in their daily work. He/she has a variety of tasks which include speech writing, preparing briefings and background notes for events and conferences and attending meetings and taking minutes. The trainee is encouraged to focus on the policy areas that interest him/her and to liaise closely with the political groups.

Office of the First Vice President

The Office of the First Vice President is part of the Cabinet of the President of the European Committee of the Regions (CoR). The Cabinet of the President is the political interface between the President and the political levels of the European institutions. Working together with the President, it establishes the broad direction of policy to be pursued by the administration.

The Office of the First Vice President consists of the First Vice President's advisor who offers political guidance to the First Vice President. He also works closely together with the rest of the cabinet and the First Vice President's political group.

The trainee in the Office of the First Vice President supports mainly the First Vice President and his advisor, but may also assist the other members of the cabinet in their daily work as well as the respective political group. She/he has a variety of tasks which include preparing speeches, briefings and background notes for events and conferences and attending meetings and taking minutes. The trainee is encouraged to focus on the policy areas that interest her/him.

POLITICAL GROUPS

European People's Party (EPP)

The CoR is the EU's assembly of regional and local representatives and as one of the largest political groups with approximately 255 members and alternates; the EPP is the driving force for this body. Via the EPP Group, our members can effectively represent their territorial areas, regions, cities and municipalities by getting their citizens' voices heard in the European political concert.

Our mission is to encourage subsidiarity and proportionality by ensuring that the regional and local authorities have an effective say in the European decision-making process.

The EPP Group is led by a President, who together with the 1st Vice-President and another eight Vice-Presidents oversees the activities of the Group and represents it inside and outside the CoR.

The EPP/CoR Group is assisted by a secretariat that serves as a point of reference to members in their daily work. Under the authority of the Secretary General of the Group, the secretariat provides support for members' work in the 6 CoR Commissions, working groups, joint consultative committees, CoR Bureau, and Plenary, and jointly organises the ordinary and extraordinary Group meetings and seminars. Apart from its activities in Brussels the EPP Group also organises external EPP Group meetings and EPP seminars twice a year in regions and cities in different EU Member States. In addition, the EPP Press and Communications division executes activities linked to the political and information activities for members and assures communication of the Group's activities.

The key objectives and areas of activity around which work is organised include:

- Strengthening the role of the CoR as a political body in the EU;
- Reinforcing the role of the EPP - political motor of the CoR;
- Promoting and improving visibility of CoR's and Members' work;
- Strengthening co-operation with other institutions and EPP Party.

First of all, during the traineeship you will be working in a friendly, multicultural and highly stimulating environment, where you will be able to deepen your knowledge about the European Union and its institutions. You are going to attend all CoR Commission meetings and plenary sessions that will take place in Brussels where you will have several responsibilities (preparation of briefings, summaries and voting lists, their distribution) before, during and after the commission meetings. Secondly, you will also be in charge of preparation of the weekly news, by reading several articles from European press and choose the most appropriate articles for the weekly newsletters. Apart from CoR related you will be given a chance to follow some of the work of the European Parliament Committees and also attend conferences of interest for you, so you could make your own research.

Party of European Socialists (PES)

The Group of the Party of European Socialists (PES Group) in the CoR brings together social democratic and progressive locally and regionally elected politicians from across the EU. The Group aims at taking forward a progressive European vision with solidarity as well as social and territorial cohesion at its core.

The PES Group works to achieve its priorities in the thematic commissions of the CoR, covering a broad range of policy areas relevant to local and regional authorities. These commissions produce political recommendations on proposed EU strategies and legislation, as well as on issues identified by the CoR as being of key importance to Europe's cities and regions.

The PES Group organizes events and citizens' debates in cities and regions across Europe, bringing policymakers and citizens together, encouraging debate and driving political action on some of the most important issues facing Europe's citizens. The PES Group works in close cooperation with its sister Group in the European Parliament (S&D Group) and, as a full member organization of the Party of European Socialists, it actively contributes to raise awareness about the local and regional dimension of PES initiatives and priorities.

The PES Group is currently assisted by a secretariat of 13 people. The Secretariat assists the President and its members and carries out in-depth work ahead of CoR commission meetings, plenary sessions and related activities. Moreover, the Secretariat liaises with its counterparts in the European Parliament and the Party of European Socialists to ensure the smooth cooperation with the European socialist network.
