

**Department of Land and Natural Resources (DLNR)**  
**Division of Aquatic Resources**  
**State of Hawaii**

**Aquaculture Dealer License**  
**Specific Terms and Conditions**

The *licensee* refers to any person issued an aquaculture market license pursuant to section 13-74-44, Hawaii Administrative Rules. The license authorizes the licensee to sell regulated aquatic life, provided they were raised by a licensed aquaculture facility.

I understand that:

1. It is unlawful to sell any regulated aquatic life or live rock unless I have first obtained a valid aquaculture dealer license.
2. I may purchase or obtain regulated marine life or live rock only from licensed aquaculture facilities or other licensees.
3. I may not purchase or sell under this license any wild-caught live aquatic life, unless authorized by DLNR in writing.
4. I must make and issue receipts of all transactions (sale, receipt, transfer or exchange) of regulated aquatic life, except I am not required to record the name and address of the buyer on the receipt for sales directly to the consumer.
5. I must keep all receipts on the premises for not less than twenty-four months after the transaction date or until the regulated aquatic life or live rock is no longer in my possession, whichever is longer.
6. I must show the receipts upon the demand of any officer authorized to enforce the laws of the State.
7. I must allow inspections upon the demand of any officer authorized to enforce the laws of the State.
8. I may sell regulated aquatic life or live rock only to other licensed markets or directly to the consumer.
9. I may not purchase or sell any mullet less than seven inches fork length, even with this license.
10. This license shall expire two years from the date of issuance. The issuance date is printed on the license.
11. The license is issued to the market outlet, one license per outlet. Only employees on official business may use the license. The license may not be used for personal use.
12. I must pay a license fee of \$200.00.
