Public health 10%
Religious studies 10%
Social work 12%
Sociology 10%
Speech/language pathology 6%
Statistics 7%
None of the above 11%

5. Overall, how satisfied or dissatisfied are you with your choice of college major(s)?
Asked of people with at least some college who had a college major

Very satisfied 39%
Somewhat satisfied 40%
Somewhat dissatisfied 14%
Very dissatisfied 7%

6. Do you regret choosing the major(s) you chose?
Asked of people with at least some college who had a college major

Yes 18%
No 71%
Not sure 11%

YouGov Survey: College Majors

YouGov

Interviewing Dates	December 19 - 28, 2022 | December 20 - 30, 2022
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.298 to 6.521, with a mean of 1 and a standard deviation of 0.497.
Number of respondents	2000
Margin of error	$\pm$ 2.4% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	44 questions not reported.

YouGov Survey: College Majors
December 19 - 30, 2022 - 2000 U.S. adult citizens

Interviewing Dates	December 19 - 28, 2022 | December 20 - 30, 2022
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.298 to 6.521, with a mean of 1 and a standard deviation of 0.497.
Number of respondents	2000
Margin of error	$\pm$ 2.4% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	44 questions not reported.
