The Wireline Competition Bureau (Bureau) seeks comment on a petition filed by Navajo Pillars Telecommunications, Inc. (Navajo Pillars) seeking designation as an eligible telecommunications carrier (ETC) and for waiver of several related rules, including a waiver of the definition of the “Study Area” boundary rules codified in part 36 of the Commission’s rules.¹ In addition to seeking an ETC designation on certain lands located entirely within the borders of the Navajo Nation in the state of Arizona, Navajo Pillars seeks a waiver of the definition of “study area” contained in part 36 of the Commission’s rules to modify the current study area of Frontier Communications Corporation (Frontier) in order to create a new study area.² Second, Navajo Pillars seeks a finding that Section 54.305 of the Commission’s rules does not apply to this transaction.³ Third, Navajo Pillars seeks waiver of Sections 36.611 and 36.612 of the Commission's historical cost rules to allow Navajo Pillars immediate access to High-Cost Loop Support (HCLS) based on Navajo Pillars’ current data for an interim period.⁴

¹ Petition of Navajo Pillars Telecommunications, Inc. for Designation as an Eligible Telecommunications Carrier and Related Waivers, CC Docket No. 96-45 et al. (filed Sept. 13, 2013) (Petition);

² Petition at 1-2; *see also* 47 C.F.R. Part 36 App. (defining “study area”). Effective November 15, 1984, the Commission froze all study area boundaries to prevent incumbent local exchange carriers (LECs) from establishing separate study areas made up only of high-cost exchanges to maximize their receipt of high-cost universal service support. *See MTS and WATS Market Structure, Amendment of Part 67 of the Commission’s Rules and Establishment of a Joint Board*, CC Docket Nos. 78-72, 80-286, Decision and Order, 50 Fed. Reg. 939 (1985) (*Part 67 Order*). A carrier must therefore apply to the Commission for a waiver of the study area boundary freeze if it wishes to transfer or acquire additional exchanges.

³ Petition at 2-5; 47 C.F.R. § 54.305 (providing that a carrier acquiring exchanges from an unaffiliated carrier shall receive the same levels of high-cost support for which the exchanges were eligible prior to transfer).

⁴ Petition at 5; 47 C.F.R. §§ 36.611, 36.612

Fourth, Navajo Pillars seeks waiver of Section 54.903(a)(3) of the Commission's rules to allow Navajo Pillars to be eligible to receive Interstate Common Line Support (ICLS) immediately.⁵ Fifth, Navajo Pillars seeks waiver of the definition of “telephone company” in Section 69.2(hh) to allow Navajo Pillars to become a member of the National Exchange Carrier Association (NECA) and immediately participate in NECA pools and tariffs.⁶ Sixth, Navajo Pillars seeks a five-year waiver of the cap on interstate originating and terminating rates and intrastate terminating rates and the transition path for interstate and intrastate terminating rates as set forth in Section 51.909 of the Commission's rules.⁷ Seventh, Navajo Pillars seeks a five-year waiver of the rule limiting reimbursable capital and operating expenses for HCLS.⁸

We find that it is not appropriate to process this study area waiver petition via the streamlined study area waiver rules adopted in the *USF/ICC Transformation Order*.⁹ In that *Order*, the Commission streamlined its rules governing study area waiver requests, creating a method similar to the Bureau’s processing of routine section 214 transfer of control applications.¹⁰ Under the revised process, if the Bureau concludes that a petition is appropriate for streamlined treatment, the petition will be deemed granted 60 days after the reply comment due date unless the Bureau issues a public notice stating otherwise.¹¹ Most petitions for study area waiver are routine in nature and are granted as filed without modification and the Commission’s new streamlined procedures were created to specifically address such routine study area waivers.¹² However, if the Bureau has concerns with any aspect of a petition for study area waiver or related waivers, it may find that such petition is inappropriate for streamlined treatment and that it should be subject to further analysis and review.¹³ Given the complexities of the issues raised in the Petition, the Bureau finds that the Petition is inappropriate for streamlined treatment, and should be subject to further analysis and review. Accordingly, the Bureau will issue an order either granting or denying the Petition after considering the record, including the record received in response to this public notice.

Pursuant to sections 1.415 and 1.419 of the Commission’s rules, interested parties may file comments on or before the dates indicated above.¹⁴ Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS) or by filing paper copies.¹⁵
